VICTORIA, B. C., THURSDAY, MAY 25, 1911.

NO. 121.

HOW VICTORIA CELEBRATED

MOST SUCCESSFUL TWENTY-FOUR YET

Magnificent Weather — Im-
mense Crowds at All Spec-
tacles — Not One Accident

Yesterday was a regular show day in Victoria. When dulcet dawn raced down the horizon on the heels of starless night it heralded the information that the holiday spirit had broken out. The first streak of incipient sunshine transfigured a bannerette woven in many colors and bearing a legend of loyalty. It served to signify the unaltered spirit pervading the occasion—Victoria Day.

And such a day it was. Glowing warmth lit up the city from morn till night. Glowing spirits pervaded every heart and found expression in every adolescent face. The very concrete forgot itself and mirrored shadows of eccentric forms. It was a day for ribbons and laces and sweet pretty faces—other things of course not necessarily excluded. According to arrangement the day in the city proved to be one long programme of events.

The start in the morning set the standard, which, if it was never exceeded, was never departed from till evening, when the finale was witnessed in the park by thousands and thousands of people.

To say that one part was better than another would be invidious and unnecessary, for they were all component parts of the whole that was specifically provided for as though by contract. It was the first celebration of Victoria Day in two years, and the crowds which thronged the scene of every fixture of the day were a striking testimony to the growth of the city since 1909.

The festivities were rushed in on Tuesday evening by band concert played at various points through the city. The city band of 25 pieces, under the direction of George Eastwood, rendered an impromptu programme of popular music, serenading the Times office among other business places. Again yesterday morning the band gave a street concert down town, which was greatly enjoyed. The Salvation Army band was also engaged for Tuesday evening, and gave a fine programme of music at different points in the down town section.

Automobile Parade.
The prettiest and perhaps the most effective of yesterday morning's features was the decorated automobile parade, from the corner of Cook and Pandora streets, through the principal thoroughfares, ending up at Beacon Hill.

(Continued on page 41.)

MAN AND WOMAN TO BE DEPORTED

Ruling of Board Which Investi-
gated Case of Eloping
Couple at Quebec

(Special to the Times.)

Quebec, May 25.—As the result of an examination by a special board of examiners appointed by the Immigration authorities, both D'Abadie and Miss Helena Benoit, who were detained here on arrival of steamer Lake Manitoba last Monday morning on the technical charges of being undesirable citizens, have been deported. Miss Benoit has appealed to the Minister of the Interior denying that she had been improperly between her and her former employer. It is understood, however, that both will be sent back to England by the Lake Manitoba to-day.

PLAN AEROPLANE ATTACK ON CHICAGO

Promoters of Aviation Meet
Arranging for Mimic Bat-
tle in the Air

Chicago, May 25.—President Taft has advised the promoters of the aviation meet to be held here August 12-20 that he will be in Chicago June 4 and will meet the committee in charge, to agree on how extensively the army and navy will join in the military features of the meet. It has been announced that the president will be given full opportunity to test out the aeroplane as a war factor in any way he wishes. The managers of the meet hope to have the United States government bring about here the first battle in the air. The plan is to have an aeroplane attack on Chicago from Lake Michigan, the defence to be also by aeroplane, in view of the shore at Grant park, at the base of the business centre of the city.

ROOSEVELT AND ARBITRATION

SCORED BY FORMER MEMBER OF CABINET

J. W. Foster Believes Ex-
President Will Yet Lend Sup-
port to Peace Movement

Mohawk Lake, N. Y., May 25.—Severe criticism of Theodore Roosevelt's public utterances regarding international arbitration marked the speech of John W. Foster, former Secretary of State, to-day, before the seventeenth annual meeting of the Lake Mohawk Conference on International Arbitration. "At the same time," said Mr. Foster, "withstand-
ing Mr. Roosevelt's early declaration in opposition to arbitration in general, he has done more than any other living man to advance this cause."

The Anglo-American treaty of arbitration, Mr. Foster said, would have no appreciable effect on the armaments of the world and at present Germany could hardly be expected to become a party to a like treaty. Nevertheless, as unlimited arbitration is extended among the nations, its beneficial effect must become more and more apparent, and even the German government must eventually find a modus vivendi with the peaceful nations which will enable it to restrict its armament and cease to be a menace to the world.

"I had concluded the preparation of my address at this point," Mr. Foster said, "when the utterances of Theodore Roosevelt appeared in the public press. While I regret its appearance as tending to embarrass the action of the senate, I recall the fact that no man in public life to-day has shown such an erratic and inconsistent course in relation to the subject of international arbitration."

"His public career was marked by a strong hostility to arbitration in general. In a magazine article as late as 1895 he attacked President Harrison for submitting the Behring Sea question to arbitration."

"But when he assumed the responsibility of presidency it was he who sent the first case to the Hague court of arbitration and invited the nations in hostile array against Venezuela to report to the same court. In the first instance he proposed to settle the Alaskan boundary dispute by sending the American army to occupy and hold the territory by force, but finally yielded to the pacific advice of Secretary Hay and in 1902 submitted the question to the London commission."

"Notwithstanding his early declaration in opposition to arbitration in phases he has done more than any other living man to advocate this cause and has well earned the Nobel peace prize. Judging the future by the past, we may expect this erratic but patriotic citizen to fall in line with the upward march toward international peace and give his support to the treaty measure which most ennobles the America of his successor."

IRELAND'S POWERS UNDER HOME RULE

Premier Asquith Declines to
Answer Question Regard-
ing Trade Treaties

(Special to the Times.)

London, May 25.—In the House of Commons G. Terrell asked the Premier whether, under the government scheme of Home Rule for Ireland, the Irish parliament would have similar powers possessed by the self-governing dominions to enter into a preferential trading treaty with the Irish manufacturers.

Premier Asquith stated that he did not feel it was his duty to answer such a question.

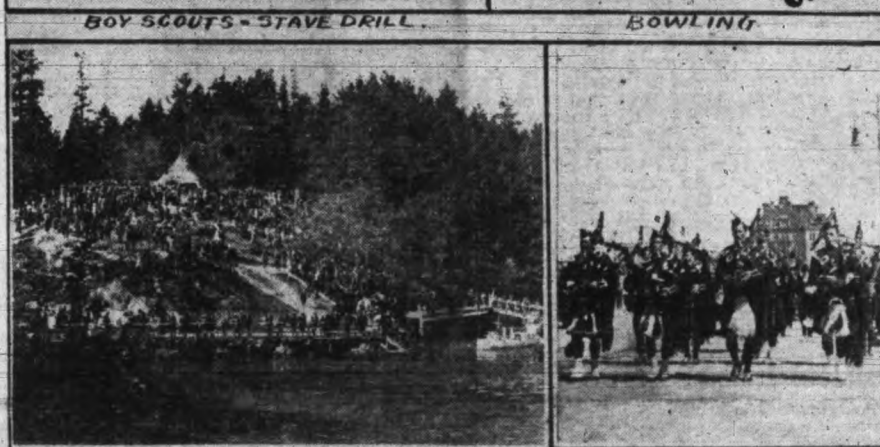

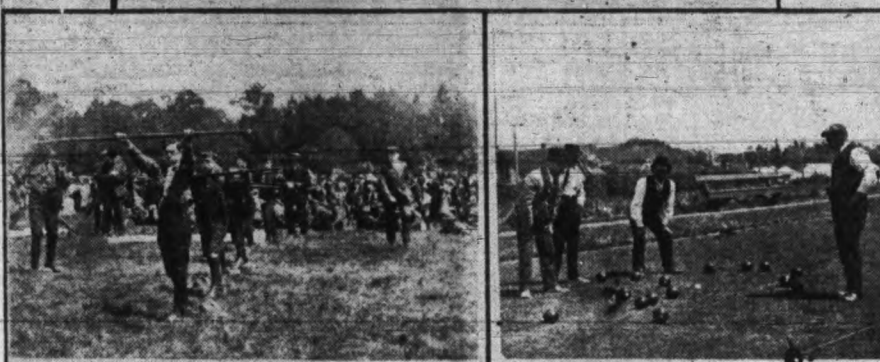

WEDDED AT CALGARY.

Calgary, Alb., May 25.—The nuptials of Miss Mary Stringer, daughter of Mr. and Mrs. Hugh Stringer, and Mr. Norman Loughheed, second son of Senator Loughheed, leader of the opposition in the Dominion Senate, and Mrs. Loughheed, were celebrated at 8 o'clock last evening at the residence of the bride's parents. Rev. J. A. Clark, pastor of Knox church, performed the ceremony in the presence of about one hundred guests. Following the ceremony and a buffet luncheon, the bride and groom left for the west to spend their honeymoon. They will reside in Calgary.

DIES SUDDENLY.

Troy, N. Y., May 25.—Charles P. Hill, paying teller of the Security Trust Company, fell dead here on Tuesday while witnessing a close and exciting game of baseball between two state league teams. It is thought that the excessive heat and the excitement brought on an acute attack of heart failure.

Caught by Camera Yesterday

SIXTY PERSONS PROBABLY PERISHED

STEAMER SINKS AFTER STRIKING ROCK

United States Gunboat Has
Been Sent to Scene
of Wreck

Panama, May 25.—The National Steamship line steamer Taboga struck a rock off Punta Mala on Tuesday and sank a short time afterwards.

Of the 100 passengers on board only forty are known to have been saved. The Taboga had a cargo of cattle and was on her return coastwise trip.

The scene of the accident is about 100 miles from the nearest telegraph station, which makes it difficult to get any details. The United States gunboat Yorktown left for the scene of the disaster.

SEAMEN'S STRIKE.

Walkout Will Not Take Place During
Coronation Week.

London, May 25.—It was stated to-day by one of the leaders of the seamen's and firemen's union that long-shoremen in America have agreed to come out and help the international seamen's strike. It is understood that strike will not occur during coronation week.

SEA WALL WORK WILL BE RUSHED

DIFFICULTIES ARE NOW SATISFACTORILY ENDED

All Operations to Date Passed
by Government and City
Engineers.

A meeting was held yesterday between J. E. Griffith, chief engineer of the provincial government; Angus Smith, city engineer; A. E. Forman, supervising engineer, and Donald Gillespie and other members of the Pacific Coast Construction Company, Ltd. The work done on the sea wall to date was examined by the engineers and passed inspection, and work will now be resumed without delay.

The Pacific Coast Construction Co., Ltd., have considerably increased their plant in the shape of a large derrick and hoisting engine. The excavating in future will be done by means of an orange peel grab bucket. This method, it is contended, will be quicker and more satisfactory than the old manner of doing the work.

FOUR DROWNED.

(Special to the Times.)

Winnipeg, May 25.—Up to noon to-day the search for bodies of the four victims of two drownings in the Red river yesterday had proved fruitless, though provincial police are dragging the river.

ASQUITH FIRM FOR FREE TRADE

PRESENT SYSTEM MUST BE MAINTAINED

Says It is Necessary for Pros-
perity of Mother Country
and a United Empire

(Special to the Times.)

London, May 25.—Premier Asquith, in an address to the Liberal Colonial Club, affirmed his steadfast adherence to the cause of free trade. He declared that to secure prosperity to the Mother Country and a united Empire it was necessary that they maintain the fiscal system that their forefathers established for them. Under that system they had attained to a degree of prosperity of which their forefathers had never enjoyed, even in the widest flights of their imagination.

RESCUES INSANE FIREMAN.

San Francisco, Cal., May 25.—News of a heroic rescue from drowning on the high seas was brought by the freighter Massachusetts, which arrived from Newport News yesterday. Three days out from St. Thomas, a fireman named Harkey became violently insane and jumped overboard. Hans Hansen, a seaman, jumped after him and succeeded in keeping the struggling fireman from sinking for 20 minutes until a boat could be launched.

REBELS MOVE ON CITY OF SALTILLO

HOSTILITIES TO BE RENEWED IN COAHUILA

Legislature of State Refuses to
Install Governor Selected
by Madero

Juarez, May 25.—A resumption of hostilities in the state of Coahuila was ordered to-day.

Francisco I. Madero gave instructions for the insurgent forces in that state to advance on Saltillo, the capital, a city of 24,000 population, with a view of taking it from the federals and forcibly establishing the provisional government there.

Coahuila is one of the four states in which Madero asserts it had been agreed he should install his provisional governors.

Madero to-day received advices that the legislature there had refused to install Senor Venus Plano Carranza, who had been chosen for the position.

Unless General Diaz resigns to-day or to-morrow there will be more trouble throughout Mexico.

Commenting on last night's demonstration in Mexico City, Provisional President Francisco I. Madero, Jr., made this statement to-day and added that uprisings in the interior are the result of a tendency to distrust President Diaz's avowed intention of retiring.

"So long as General Diaz remains in power the country will be in unrest and disharmony between federals and insurgents will be inevitable," said Madero. "The people have the right to parade the streets and voice their sentiments in a popular way. They are beginning to realize for the first time the use of free speech. That federal soldiers and police last night fired upon the people was to be expected. That is the old way of suppressing the popular will. I personally believe General Diaz will resign as soon as he possibly can. Things have gone too far for him to retreat. He has pledged himself to the world and there is now no possible excuse for his not doing so. The fact that he is ill will not release him from the obligation."

"I realize that the sooner I reach the City of Mexico the sooner confidence will be restored. I am still uncertain as to when I leave—possibly not for a week."

Trouble At Capital.

Mexico City, May 22.—The police fired on a crowd in front of the department of foreign relations. One man was killed.

A manifesto issued by Robles Dominguez, appealing for order, was almost totally disregarded. Mobs at 12.30 p. m. still paraded the streets yelling "viva Madero."

MOORS FIRE ON SPANISH GUNBOAT

Warships Open Fire on Attack-
ing Force, Inflicting
Heavy Loss

Melilla, Morocco, May 25.—Spain is extending her dominions in Morocco and has dispatched two columns of troops from this port, one to occupy Ras El Hassian, and another to occupy Muzay Er Raxid, with the object of assuring communication with Selouan and Ain Zelo.

A Spanish gunboat in the roadstead off Melilla was fired on yesterday by Moors. The warship replied, inflicting heavy loss.

GHENT CREW DEFEATED.

Ghent, Belgium, May 25.—The Ghent Rowing Club was defeated to-day by Jesus College, Cambridge, in the eight-oared race, the winners making the mile and 55 yards in 6 minutes 22 seconds, three seconds faster than Ghent.

FOR DEFENCE OF THE EMPIRE

SUBJECT FOR THE IMPERIAL CONFERENCE

Yorkshire Post Pleads for All-
British Cable—London
Press Comments

(Special to the Times.)

London, May 25.—The Daily Mail says the most pressing task of the Imperial conference is to discover a formula for a defensive union by which without destroying the mastery by each of the Dominions of its own House, the whole impressive strength of the Empire may be organized, prepared and so disposed in time of peace that it may be speedily ready to resist the onslaught of the aggressor.

The Standard says the Dominions, whose existence depends upon the maintenance of the supremacy of British sea power, were not consulted with regard to the declaration of London at the convention, which declaration commits the final jurisdiction of warfare to a foreign court of appeal. Australia and Canada, which are founding navies, and New Zealand, which is giving a battleship to the royal navy, are expected to acquiesce in the arrangement, and it is understood that the premier of Australia, who framed the resolution disapproving of the declaration of London when discussed by the conference, was persuaded by the ministers present to modify his views before discussion.

The Yorkshire Post, discussing the conference, pleads strongly for an all-British cable, and says that if we had not been dependent upon American companies in this respect we would probably never have heard of reciprocity. The Post adds that it is improbable that a uniform and right plan of empire defence could be formulated by this conference. Canada was unable to go as far as Australia in placing her local fleet unconditionally at the disposal of the admiralty.

The Chronicle says the influence of the conference is measured by the amount of confidence it inspires and by the impressions of its doings created in the overseas dominions, and that there should be open and free discussion and prompt free publicity, unless the conference shall lessen its influence and utility.

The Melbourne (Australia) Age, with regard to the exclusion of the press from the Imperial conference, says it is really difficult to see what public interests would be served by having every petty detail of the proceedings photographed for the gratification of mere curiosity. The case in point is the discussion of Canada's treaty with the

(Continued on page 3.)

SEVEN MINERS CRUSHED TO DEATH

Reported to Have Been Buried
by Fall of Rock in Mine
at Michipicoten

(Special to the Times.)

Sault Ste. Marie Ont., May 25.—Seven miners in the employ of the Lake Superior corporation at the Helen mine, Michipicoten, have been killed according to a report received this morning by steamer.

Details are lacking, but it is known that Conner McClurg proceeded to Michipicoten yesterday to make an investigation at the instigation of the corporation. He will return to-night. According to the passenger who made the report the men met death by being pinned underneath a mass of falling rock.

AERONAUT HAS THRILLING RIDE

Balloon Breaks From Its Moor-
ings and Occupant Nar-
rowly Escapes Death

Ingolstadt, Bavaria, May 25. An officer of the garrison here had a thrilling ride yesterday when a military captive balloon broke loose from its anchorage. The officer was a novice at ballooning and was unable to manipulate the gas valve. Finally, when the balloon had reached a height of 1,400 feet, the officer clambered to the top of the gas bag and succeeded in wrenching open the valve. Then the balloon began a headlong descent near Munich, which is fifty miles from here. As the balloon was nearing the ground its occupant jumped into a tree and was only slightly injured. Relieved of the man's weight the balloon again ascended and was later found near Innsbruck, Austria.

PORTUGUESE ARE FLOCKING TO SPAIN

ANOTHER REVOLUTION REGARDED AS PROBABLE

Government Sends Troops Faithful to Republic to Northern Frontier

Paris, May 25.—The Madrid correspondent of the Temps telegraphs that advice received from Badajoz indicates that the Portuguese authorities are taking precautionary measures to guard the frontier. The exit of a large number of Portuguese refugees to Spain induces the belief that a counter revolution is imminent in Portugal.

Garrisons Strengthened.
Lisbon, May 25.—An official note issued by the Portuguese government to-day declares the northern frontier to be absolutely secure, the garrison of the border provinces having been strengthened by troops entirely faithful to the Republic.

FOR DEFENCE OF THE EMPIRE

(Continued from page 1.)

United States, which may take as its subject discussion in which opinions are more or less hurtful to America are likely to find utterances. It is much better that such opinions be judiciously edited and handed out in daily summaries.

The Morning Post, with regard to Sir Wilfrid Laurier's statement that Canada had decided to remain a nation within the Empire, says that Englishmen would be exceedingly glad if they could persuade themselves that the flat of to-day was decisive, and that hereafter the intention of the statesmen at Ottawa is to be a factor superior to the display of natural forces. The western country is separated by a wide belt of unpeopled territory from the old Dominion, and is being rapidly populated by immigrants from the adjacent republic.

The Standard says that distance nowadays is no difficulty to the establishment of an Imperial parliament, for it could assemble just as quickly as the national parliament in the days of the post chaise and mail coach.

Australian View.

Sydney, New South Wales, May 25.—This morning's Herald says: "It has become obvious, to even the meanest understanding, that the destiny of the Dominions is bound up inextricably with Great Britain. No possession of the crown overseas is in a position to maintain its independence. If once the might of England be destroyed, it will be a generation before Canada or Australia or South Africa is able to face even a second rate European power. Putting it on the lowest ground, that of self-interest, the Empire must hang together."

ANOTHER AVIATOR KILLED.

Aeroplane Capsizes and Pilot Falls Two Hundred Feet.

Strassburg, Germany, May 25.—Before the eyes of thousands of spectators, Aviator Laemlin in an aeroplane competition here fell from a height of 200 feet and met an almost instantaneous death.

A number of artificial birds soared upward at a rather good pace, but there was a little wind blowing, and after they had got off the ground a few feet it was observed that difficulty was being experienced in manoeuvring in the air.

Laemlin shot upward at great rapidity and was the highest of all the competitors when his machine suddenly capsized and the next moment the form of the aviator was seen hurtling through the air, the body being dashed to the ground with terrific force a moment before the aeroplane was smashed to atoms.

Crowds gathered around the prostrate form, but Laemlin did not murmur. Within a few minutes he breathed his last, and out of respect for his memory the competition was at once abandoned. Many women fainted when they saw the man flung from his machine.

FURNISH BAIL.

Seattle, Wash., May 25.—Alden J. Blethen, Clarence B. Blethen and Chauncey B. Rathbun, editor, managing editor and city editor respectively of the Seattle Times, who were indicted by the special grand jury on charges connected with the so-called graft investigation, furnished \$35,000 bail to-day.

SPLENDID WORK OF BOY SCOUTS

HIGHLY CREDITABLE DISPLAY BY THE LADS

Judges Had a Difficult Task in the Making of Awards

1st prize—11th Troop.
2nd prize—1st Troop.
3rd prize—7th Troop.
4th prize—15th Troop.
5th prize—4th Troop.
6th prize—5th Troop.
7th prize—2nd Troop.

An innovation in the programme for Victoria's premier celebration, and one which was thoroughly appreciated by all who witnessed it, was the Boy Scouts' parade and competitions, held at Beacon Hill yesterday morning in presence of an immense gathering.

With a total strength on parade of 342 all ranks, the boys created an excellent impression, and the assembly showed to what considerable proportions the movement has grown from about two score little more than a year ago.

Accompanied alternately by its brass and bugle bands, the brigade, under the command of the district commissioner, Capt. H. H. Wollison, moved off Yates street sharp at half-past nine, marching via Douglas, Johnson, Government and Simcoe streets to the park, arriving a few minutes before ten.

No time was lost, and after a salute to the flag by the whole parade, the commissioner called upon Mayor Morley, who was present as one of the judges of the competitions, to present three King's scout badges, the first to be won in Victoria, the successful scouts being R. E. A. Diespecker, Louis Diespecker and Tom Floyd. The latter was also presented with his first-class badge, and the same distinction was won by Percy Salmon and H. W. Brown, whom his worship heartily congratulated.

Of individual troops No. 1 had the largest attendance on parade, so that the flag which till then had been held by Troop 15, University school, was transferred to the care of Percy Salmon, patrol leader of No. 1.

The competitions which the boys had been so anxiously waiting for were then commenced by the 1st Troop, which gave an excellent exhibition of rope bridge building, which could have been considerably elaborated upon had time permitted, some first-class ambulance work and a camp scene, which was well carried out. The work was completed and all equipment off the field with 10 seconds to spare of the 10 minutes allowed.

To those spectators who were not well versed in scout lore, this little exhibition was a pleasant surprise, and served to sharpen their interest in what was to follow, nor were they disappointed.

With practically no interval Troop No. 2, under A. S. M. Godson, did some lively fire-fighting, and received deserved praise for their efforts. The effect was somewhat marred by the fact that the use of water or chemical had been forbidden, owing to the possibility of discomfort to the onlookers, but they showed, in a businesslike way, that they would have been of undoubted use in a real fire.

This was followed with a similar work by the 3rd Troop, under H. R. Selfe, who also had a squad signalling and another demonstrating first aid, which was well carried out.

The 4th Troop, which is a composite one of two well-trained scout patrols, the remainder an excellent bugle band, came smartly on and went through their work in their usual thorough and careful manner, the principal display being a surprise attack on a camp party, which gave an opportunity to get in some well-timed first aid and ambulance work, the patients submitting to the strenuous endeavors of the "doctors" to resuscitate them with patient grace.

The 5th Troop, under Rev. Robert Connell and Bandmaster Ploverright, acquitted itself excellently, those members not playing in the band giving a splendid demonstration of the use of Baden-Powell's section patrol tents, which are constructed of six squares of canvas laced together and supported by scout staves. These tents are designed for their extreme adaptability to scout life, as one square is easily carried by each boy, making the patrols quite independent of transport.

The sixth Esquimalt troop did some stave drill under A. S. M. J. Davy, and this was followed by one of the most interesting of the competitions, a smart exhibition of life saving exercises under the direction of P. T. Penfret by a squad from the seventh troop, commanded by S. M. J. E. Andrews. Other patrols in this troop gave ambulance work and an exhibition of knotting, which was very creditable.

The eighth troop were responsible for some first aid work, patrol drill and camp scene, which included some quick work by an embryo chef who managed to produce a well-cooked meal (which he insisted on the judges sampling) in the time-limit of ten minutes.

The ninth troop gave a valuable lesson on what to do with a patient apparently dead from electric shock, the whole demonstration being made realistic by the presence of a "live" wire.

While the last item was going on, preparations were completed for one of the most popular "stunts" of the morning, an exhibition of rescue work by the eleventh troop (Oak Bay) under S. M. Capt. Jarvis.

It was shown how a shipwrecked crew could be saved by means of a rocket line and sling life buoy across a sea in which boats could not live, and

the way the boys rigged up the necessary tackle, between the oak trees, to accomplish this was really wonderful.

Altogether four scouts were rescued and safely conveyed across the intervening space and were promptly attended to by the ambulance brigade on their arrival on terra firma. The display was completed satisfactorily and all tackle, which included a steel wire rope and heavy blocks, stowed away with five seconds to spare from the time allowed, and hearty applause showed how well the work was appreciated.

The twelfth troop, under S. M. F. J. Schroeder, gave a splendid display by cyclist ambulance patrol which was well received.

The thirteenth and sixteenth troops, under S. M. L. J. Shanahan and A. S. M. G. Saurd, combined in an effort to win one of the prizes, by giving a first aid and physical drill display of more than usual merit.

The fifteenth troop, from the University school, contributed a most varied and interesting exhibition, which included semaphore signalling, tent pitching and cooking and an excellent display by two able scouts of the nation in the art of self-defence. Especial mention must be made of a capital display of blindfold knotting by three scouts of this troop.

Scoutmaster Harvey is to be congratulated on the very excellent exhibition of the scouts under his command. They give great promise of making the running hot for the lieutenant-governor's shield in the fall.

The competitions closed by a good display of tent pitching and blindfold boxing by the seventeenth troop, under S. M. G. W. Robinson and A. S. Mann.

The judging proved to be a very difficult task, owing to the varied nature of the displays given, and final results were only arrived at by taking the average from the aggregate returns by each judge, which course was fair to all troops alike. As there were not enough prizes to go round those who were not fortunate enough to secure one will do doubt take their dose like good scouts, with a smile and a "never mind; better luck next time," and work hard for the next opportunity that is afforded for distinguishing themselves.

As the prizes given by the celebration committee were substantial, the winners' troop funds will be handsomely augmented for coming camp expenses, which will soon be upon them. No doubt, as a result, the "time" they will have will be enhanced by the addition of some extra pots of jam and marmalade, oranges and strawberries and such things, which really should not enter a scout camp, but which surely will as long as a scout is a boy and his troop has a dollar to spend.

The following are the awards made this morning by the judges:

1st, \$5—11th troop, \$3.50 points.
2nd, \$3—1st troop, \$3.62 points.
3rd, \$2—7th troop, \$2.25 points.
4th, \$2—15th troop, 78.33.
5th, \$1—4th troop, 77 points.
6th, \$1—5th troop, 75 points.
7th, \$5—2nd troop, 71 points.

The thanks of the Victoria Boy Scouts' Association are tendered through the Times to the several gentlemen who consented to act as judges, these being, in addition to the district commissioner and chairman of the local council, Mayor Morley, Major Ridgway Wilson, Dr. Bapty, Major S. Booth, A. G. Sargison, A. J. Dailain and C. W. Birch, the latter holding the stopwatch on the competitors.

MAY DIE FROM WOUNDS.

Denver, Colo., May 25.—S. L. (Tony) Von Phul of St. Louis, balloonist and wine agent, may die as a result of wounds received in a quarrel with Frank H. Henwood, a New York travelling man, in a local hotel last night. The bullet that lodged in his abdomen was removed this morning and his condition is said to be very serious. J. W. Atkinson of Colorado Springs and G. E. Copeland of Victor, Colo., bystanders, were wounded by Henwood's fusillade of bullets, but will recover. Henwood is in jail and will be held pending the outcome of his victims' injuries.

AUTO AND STREET CAR COLLIDE.

Four Persons Injured in Accident At Spokane.

Spokane, Wash., May 25.—An automobile going at the rate of 35 miles an hour, crashed into a car at the corner of Pacific Avenue and Maple street last night and the four occupants of the machine were seriously injured. They were E. M. Gallant, an attorney; L. B. Nisely, T. Rourke and Robert Bowers. The latter, aged 17, was driving the car and when he swerved to avoid a collision with one car he struck the other car. He says he believes his machine was going about 35 miles an hour.

WOMAN AIDS OFFICER.

Spokane, Wash., May 25.—A woman acted as special deputy sheriff for Spokane county last night, and with a loaded revolver, stood guard while another deputy entered a house to arrest a suspect. This woman is Mrs. Messenger, a crack rifle shot and a friend of Deputy Sheriff O. L. Cain, who made the arrest of Charles Hask, wanted on a charge of obtaining under false pretences. Cain had been told of threats made by Hask that he "would never be taken," so he asked Mrs. Messenger's assistance.

HOSPITAL FOR THE RICH.

Boston, May 25.—A hospital exclusively for the rich, where comforts and luxuries of treatment can be had upon substantial payments, will be built as an investment by a group of Boston's leading physicians, according to plans announced by Dr. Arthur Cabot. It will have greater facilities than the private paying hospitals which the rich now patronize.

The decision to build the hospital arose from protests of wealthy residents in resentment to being treated as charity patients in other hospitals.

Heels first appeared on women's shoes in 1825.

COAL MINE ON FIRE.

Fernie, May 25.—On Monday last it was reported that a fire was burning in No. 4 mine at Michel, and from information gathered it is in that part of the property known as 17 chute, 27 ft. high.

Chief Mine Inspector F. H. Shepherd, with Deputy Robt. Strachan, Managers Fraser and Shanks, and the entire staff of officials and petty officials are using every effort to cope with the situation.

The latest report is that it is the intention of the company to seal up the burning area.

A single leaf of the orange tree, carefully planted, will often take root and grow.

SCOFFS AT IDEA OF ANNEXATION

SIR WILFRID LAURIER SPEAKS IN LONDON

Alliance of English-Speaking People Will Ensure Peace of the World

London, May 25.—The dinner of the Pilgrims' Society Tuesday night in honor of the colonial premiers, was historic because of the unexpected and noteworthy plain speaking of Sir Wilfrid Laurier, the premier of Canada.

Sir Wilfrid, addressing an audience composed of many of the great men of England, handled the annexation question without gloves. He began by expressing amazement that during his three-days' stay in England he had heard so many people of standing voicing doubts concerning the designs of the United States regarding Canada. He scoffed at the idea of annexation being seriously considered on either side of the border. He expressed in warm terms his admiration for the people of the United States, but said that much as he loved the American people he loved Great Britain better.

Canada, in sharing the continent with the United States, he said, had a double interest in the treaty of arbitration between the United States and the United Kingdom, and he exclaimed dramatically: "I thank God that the relations between the two peoples never were so good as they are to-day."

The premier aroused enthusiasm when he said that Canada and the United States proposed to continue to show the world two nations with the longest boundary, extending from ocean to ocean, holding in peace and mutual respect, without a fortress, a soldier or a gun on either side of that boundary.

The dinner was in contrast to the one held at a former Imperial conference, because that was of purely British Imperialistic tone, while Anglo-American relations were almost the sole topic Tuesday night.

Lord Roberts presided and welcomed the premiers. Sir Edward Grey, the foreign secretary, proposed "Anglo-American Arbitration." He expressed pleasure at the arrival of the draft of the treaty from Washington. The negotiations, he said, would enter the domain of practical politics and he sincerely hoped the treaty would be concluded. Defining the Monroe Doctrine as meaning that no European nation should acquire more territory on the American continent, he added: "Our policy is in full accord with that doctrine."

The American consul-general, John L. Griffiths, responded. He said it was a matter of gratification to the American people when President Taft struck the highest moral note of his generation and he recalled with what sense of exaltation they received Sir Edward Grey's reply.

"The imagination is profoundly stirred as we try to anticipate the beneficent results which would follow if England and America enter into a covenant of peace, which would govern the mutual relations of more than 500,000,000 people," he asserted.

He continued: "In the long interval since the clash of arms was heard on the islands, England has had the opportunity to develop her conception of law, order and power. So she has been able to impress her lofty ideals of government on a larger aggregate of people than any one empire in the history of the world."

A message was sent to the King by the diners, and the secretary of the society, Harry Brittain, read this reply:

"The King thanks the Pilgrims for their kind congratulations on his approaching coronation. He earnestly hopes that the high ideals which the society have in view may be completely realized."

(Sgd.) "KNOLLYS."

Of the speakers the Canadian premier was the most impressive because his subject had aroused interest here.

Sir Wilfrid spoke at length on the immigration of Americans to Canada, and the apprehensions expressed that they might threaten the integrity of the Dominion. He said the majority of them took the oath of allegiance to King George V. They had found in Canada the same opportunity and the same freedom under the laws which they had on the other side of the border. Moreover, they had found that democracy under the British monarchy was not less than under a republic.

He would not say that some Americans did not covet the fair areas of Canada; they would not be human if they did not. If the United States attempted to annex Canada, continued the premier, it would not be by force of arms, but by sedition. In that event Canada would reply, as Diogenes did to Alexander: "Stand out of my sun."

There was sun enough for both.

The last words of the Canadian premier were almost drowned in applause. "We believe," he said, "that the day will come of an alliance of all lands springing from England's love, ensuring the peace of the world forever."

THINKING THEMES

BY DR. FRANK CRANE

The great beauty of a democratic government is that the people get what they want.

Sometimes they want what is not good for them; sometimes they are ignorant, foolish, panicky or wilful; often they choose rulers who are wholly unfit; but they get what they want. If it is a bad thing they get, they learn in the best of all possible ways their error in judgment. The best way to teach a nation not to play the fool, just as with a boy, is to let it play the fool and take the consequences.

An ideal government, wise, perfect, pure and utterly just, imposed upon a faulty, undeveloped people, does harm. A government ought to be as bad as the governed. For thus can a people see themselves, as in a mirror, and learn to improve.

So long as citizens get what they want they are made to feel that most educative and developing force—Responsibility. As Responsibility makes a serious wife out of a flighty girl and a strong man out of a fool boy, so it gives fiber and self-control, wisdom and prudence to a whole nation. No book nor school master, no rule nor ideal, can give a youth the wisdom that he can get from the consequences of his own deeds.

SPEECHES AT OPENING OF THE CONFERENCE

Sir Wilfrid Laurier Says Canada Has Few Suggestions to Offer

London, May 25.—Premier Asquith presided at the first session of the Imperial conference and his speech was interpreted as indicating that the government was hostile to any attempt to establish any closer form of political union at the expense of the flexibility of the elasticity of the Imperial relations. He pledged the government, however, to the formulation of proposals relating to the reorganization of the constitution of the colonial office. He hoped to be able to put forward suggestions which would be acceptable to themselves and prove fruitful in practice. Five Dominion premiers who followed were generally non-committal.

Sir Wilfrid Laurier assured the King of the warm, growing attachment of the population of the Dominion to the British crown and institutions. The conference had shown that while we are British subjects who have interests in common in all parts of the Empire there are between the Dominions and the United Kingdom differences of local interest which, unknown and ignored, would tend to the disintegration of the Empire, but which, if known and recognized, may be harmonized to a common union.

"I represent a country," said Sir Wilfrid, "that has no grievances and few suggestions to make. We are satisfied with our lot, happy and prosperous, but we recognize that there is room for improvement. If there is one principle upon which the Empire can live, it is Imperial unity based on local autonomy."

Premier Fisher said in regard to the defence scheme that Australia had no desire to be aggressive but in any way in which she could cheerfully co-operate with the Motherland she would do it to the best of her ability.

Sir Joseph Ward introduced a resolution regarding an advisory council in which he alluded to complications now impending with respect to commercial treaties.

KLONDIKE BRIDGE COMPLETED.

Dawson, Y. T., May 25.—The work of installing the steel bridge of the Klondike Mines railway, which spans the Klondike river at its mouth, has been completed. The heavy work, in fact, was finished some time ago, and the finishing was delayed a little to await the cutting of certain lumber by the Yukon mill, which has just started for the season.

The steel bridge is now being used for team and passenger service. The old wooden bridge belonging to the city, which crossed to Klondike City from Perkins and Sharen's store, has been dismantled.

WINNIPEG PROPERTY SALE.

Winnipeg, May 25.—The Manitoba Free Press confirms the sale of its present office building at the corner of Portage avenue and Garry street, to Montague Black of the firm of Robinson and Black, for over \$4,000 a foot plus a valuation on the building that was erected six years ago. The move was rendered necessary by the growth of the business which demands larger floor space and work on the erection of a new building on a site purchased on Carlton street, just north of Portage avenue, will start at once, the new frontage being over one hundred feet.

BANKER GOES TO PRISON.

Leavenworth, Kas., May 25.—E. H. Steinman of Mount Pleasant, Pa., formerly vice-president of the Farmers' and Drivers' Bank of that city, has arrived at the federal prison here to join the "bankers colony" on a five-year sentence. Steinman was convicted on a charge of making excessive loans on insufficient security.

KIDNAPPERS SENTENCED.

Las Vegas, N. M., May 25.—Judge J. C. Roberts of the district court pronounced sentence on William Rogers and Joe Higgins, the confessed kidnapers of Baby Wallace Rogers on March 23 last. Rogers received five to twelve years in the penitentiary and Higgins seven to twelve. The former pleaded guilty asking leniency, while Higgins was convicted after a hard fought trial. In the absence of a statute for kidnapping in New Mexico the men were prosecuted for burglary.

NEST ON FREIGHT CAR.

Buffalo, N. Y., May 25.—Admiration for the gameness of a pair of robins in sticking to their nest on a flying trip between Hamilton, Ontario, and Buffalo, has resulted in a car being taken out of the train and side-tracked for their benefit until their young are ready to shift for themselves. Patrolman Mooney noticed the nest behind the top rung of a brake ladder on an empty car that came over the international boundary. When the train came to a standstill he clambered up to investigate, but before he reached the top of a ladder a pair of robins were fluttering around and making a great ado. There were four eggs in the nest. Railroad men, who became as interested as the patrolman, managed to find something wrong with the brakes and the car was placed on a dead siding where it will be allowed to remain until the birds get through with it.

VANCOUVER FIRE DEPARTMENT.

Will be Investigated by Committee of City Council.

Vancouver, May 25.—After a long debate, in which Mayor Taylor and Aldermen Stevens and Bowdler were the most prominent participants, and which was generously interspersed with unpleasant personal situations, more or less clothed in polite phrases, the city council passed a resolution recommending that "The fire and police committees be appointed, under the powers granted in section 197 of the city charter, to thoroughly investigate the administration of the fire department, with full power to summon witnesses and to examine them under oath on all matters pertaining to the department, its management and its system of drill and promotion; also to the efficiency of the apparatus, its cost in comparison with other makes, and all such other matters as may, in the opinion of the committee, be necessary to secure a full and impartial investigation."

Notice to Advertisers

Owing to the rapidly increasing
circulation of the Times and the
growing demands for space, it has
become absolutely necessary to
place a limit upon the time at which
changes for advertisements will be
accepted and guaranteed publica-
tion. Copy for changes must be
handed in to the business office not
later than 5 p. m. the previous day.
Arrangements for the insertion of
new advertisements must be made
before 10 a. m. day of publication.
Classified advertisements before 2
p. m.

The above rules are made for the
benefit of readers of the Times, who
insist upon the paper being deliv-
ered as early in the evening as pos-
sible.

UNIQUE PERSONAGE.

Sir Wilfrid Laurier has already, un-
fortunately, made his first public
"break" on setting foot upon English
soil, according to the opposition press.
It was on the occasion of the Pilgrims'
dinner given in London in honor of the
Colonial premier. In discussing the
prominence given to the annexation
war as he had heard it voiced in En-
gland, Sir Wilfrid thoughtlessly made
the remark that "Canada and the
United States proposed to continue to
show the world two nations, with the
longest adjoining boundary, stretching
from ocean to ocean, living in peace
and mutual respect, without a fortress,
a soldier or a gun on either side of that
boundary." Of course Sir Wilfrid had
no right to speak for the United States;
he could only speak for Canada, and
that he expressed the peaceable inten-
tions of Canada in such words goes
only to show how unfamiliar he is with
the coexistence and militant ambition
of the United States. It only shows
how easily one of his trusting and con-
fiding nature can be misled and de-
ceived. Enthusiastically as the senti-
ment was received in London, it will
not meet with favor in Canada and we
may look for immediate announcement
by betraying his country in the first in-
stance, and on the very first occasion
on which he had an opportunity to
speak in public. While disclaiming the
terms of ridicule the existence of an
annexation spirit in either Canada or
United States, Sir Wilfrid's words must
not be misunderstood in this important
matter. What he really avowed was
the intention of Canada to leave her-
self in a wholly unprotected state and
so innocent that Uncle Sam may not be
entitled or frustrated in any at-
tempt he may make in his declared
purpose to annex this country.

There are other and more serious
matters in which we despair of Sir
Wilfrid correctly representing Canada.
Should there be any approach toward
arrangement for an Imperial preferen-
tial tariff it will be wholly at variance
with Sir Wilfrid's purpose and in spite
of his efforts. Should the preference
question be tabled, as Premier Asquith

seems to have hinted at the opening
of the Imperial conference would hap-
pen, it can only be because Sir Wilfrid
has used sinister and malign influence
to prejudice the Imperial authorities
against the importance of the question.
Should the Imperial conference express
suspicion as to possible dangers to the
unification of empire that might result
from reciprocity it will be only because
Sir Wilfrid went across the sea to bet-
ter this country and undermine the
very agreement which he is held re-
sponsible for originating. Should the
conference express itself otherwise, Sir
Wilfrid will have succeeded in throw-
ing dust in their eyes and blinding
them to the true condition of affairs.

Should the conference evolve some
system of colonial assumption of a
share in the defence of the empire, it
will be a mistake as far as Canada is
concerned because she is already over-
burdened with debt. Should no such
arrangement be made it will be be-
cause Sir Wilfrid opposed it, and
though there may be no evidence of
that fact it will be true just the same.
He will have to prove that he is in-
nocent or all the world will declare him
guilty.

Did not Sir Wilfrid give clear intima-
tion of his position and that of his
country when he said, at the first ses-
sion of the conference: "I represent a
country that has no grievances and few
suggestions to make. We are sat-
isfied with our lot, happy and pros-
perous, but we recognize there is room
for improvement. If there is one prin-
ciple upon which the empire can live it
is Imperial unity based on local au-
tonomy?"

In that single sentence Sir Wilfrid
has given away his whole case. He is
in favor of Imperial unity with local
autonomy, and it is singular that so
unique a personage in the Imperial
Conference, one on whom devolves, in
fact, responsibility for everything
which is done or left undone, should so
far forget himself as to so early declare
himself in so heterodox a manner.

We admit that this is a highly mysti-
fying contribution to the important af-
fairs before the conference, but for the
sequel to this somewhat strange codifi-
cation of Sir Wilfrid's career at that
gathering we shall from time to time
refer our readers to the Tory press of
Canada and England.

Anyway, Sir Wilfrid was too inde-
nite. Nobody knows what he meant by
unity of empire with local autonomy.
He should at least have declared the
terms upon which Canada is prepared
to stay in the empire.

THE BOY SCOUTS.

The manner in which the Boy Scouts
acquitted themselves yesterday gives
some indication of the value of the Boy
Scout movement in Canada and of the
direct as well as indirect manner in
which the organization works for the
good of this country. It was not so
much in the fact of a more or less per-
fect exhibition of training in their
manoeuvres and evolutions; the ques-
tion of their perfection or imperfection
is only incidental. They showed that
they have the makings of good soldiers
and took pride in their work.

The Boy Scout movement has been
adversely criticised on the ground that
it is likely to foster a militant spirit in
this age when every organization of
society should augur peace. The prac-
tice and training of youths in military
tactics is said to be an anachronism
and unworthy of this century of the
Christian era. Such a view we hold to
be wholly superficial and subversive of
peace itself. The familiarity of youths
with military tactics is not necessarily
an indication of the militant spirit. There
is more than a verbal distinction be-
tween militarism and militancy, and
it is easy for us to conceive a splendid
military organization possessing excel-
lent equipment, without the ascendancy
of the militant spirit. It is the strong
man, conscious of the fact that he can
whip any antagonist within four blocks
and a respectable number of antagonists
in combination, who is most good natured
and least likely to respond to a pro-
voked insult.

But we disassociate the idea of the Boy
Scout movement entirely from neces-
sary military affairs. The self-discipline
and co-ordination of their drill and
evolutions together with the knowledge
of co-operative efforts for this or that
purpose is a wholesome lesson in itself.
The improvised exercises of their drill
and the impartation of knowledge of
what to do in emergencies tends
wholly to develop self-reliance and
quick action in the moment of surprise.
The habit of self-control under antici-
pated circumstances, the nerve and
self-contained physique, will, together,
multiply the usefulness of these purely
physical organizations, leaving the
mind clear to devise the best method
of escape, rescue, relief or other neces-
sary evolution when occasion arises.

More than this, the camaraderie, the
emulation, the dignity and the respect
for organization will, with the elimi-
nation of class consciousness, do much
more to make men of our boys than
tomes of instruction in the mere tech-
nique of these things in other ways.
Should the time unfortunately come
for war, which we hope shall never be,
these boys will have had all the ad-
vantages of preliminary drill in mili-
tary tactics, and if it should become
necessary to call forth their militant
spirit, it can be evidenced at its best
under the leadership of veterans who

know the science of war from actual
participation on the fields. And we
think that if the Boy Scouts of Canada
could have been marshalled from ocean
to ocean yesterday the spectacle pre-
sented would have been one which
would have struck courage to the hearts
of those who still anticipate that at
some future time, perhaps within a
few years, we may need cohorts of sol-
diers to defend our shores. Let the
croakers croak, but let the boys drill.

The Canadian Lumberman says match-
makers use and destroy more valuable
timber than pulp and paper makers.
A new evil to be guarded against by
forest conservation associations.

The Boston and Maine railway will
cut off 18 long distance regular trains
between now and June 1. Mail and
express conveyance will be seriously
affected. We suppose it must be on
account of the prospect of reciprocity.

The "Moving Day" law in the pro-
vince of Quebec causes no calculable
amount of trouble, expense, loss and
heartbreak according to The Share-
holder of Montreal; and it pleads for
abolition of the antiquated law. In
Quebec notice of intention to remove
from leased premises must be given on
February 1, and the moving must take
place on May 1, of tenants are held
liable for the rental according to the
currency of the lease. That is why it
is often cheaper to move than pay
rent.

It is absurd to suggest that the gov-
ernment of British Columbia and the
Socialist leader in the House do not
hand in glove. Government brings in
a measure to rob local miners of an
eight hour day and, after strenuous
opposition by Hawthornthwaite, bill
is delayed. Later, not too sudden yep
know, offensive measure is with-
drawn. Really labor legislation is too
serious a matter to be made the butt
of such ridiculous farce-comedy pro-
cedure. The mine laborers will get
wise to unless the game is less bare-
faced.

Cotton's Weekly, a Quebec Socialist
Clarion, declaiming on the Oliver
charges, says: "Sixty-nine thousand
dollars is a big sum of money. It is
more than the average wage earner
of Canada sees in his life time. If we
put the average income of the
wage slave of Canada at four hun-
dred dollars, it would take a wage
slave working steadily for a hundred
and seventy-two and one half years
and never spending a cent to accumu-
late \$69,000." Well, how much has Mr.
Hawthornthwaite got? Perhaps \$69,000
would look like 30 cents. And where
did he get it?

The Montreal Herald says: Just as
an eminent Canadian Methodist is
complaining that religion is being "or-
ganized," along comes James J. Can-
non, of New York, and announces that
the magazines are going to quit muck-
raking and "play up" religion. It
would not be in the least surprising
to find the aggressive monthlies un-
dertaking to replace the churches,
subscriptions taking the place of pew
rents, and theology made intelligible to
the meanest intellect by means of il-
lustrated articles. To the question:
What is your denomination? the
answer will then be not Methodist or
Unitarian, but "Munseyite" or "Cos-
mopolitan," and the editor of the Out-
look will undoubtedly be an arch-
bishop.

Mr. Hawth—asked the executive
of the B. C. S. P. C. to take into
consideration the fact that it is difficult
to maintain good feeling for long
periods of time in Socialist locals like
the one at Nanaimo. Of course we know
the thing has to be made universal be-
fore it can become really effective and
remove all occasion for strife. But why
did not Mr. Hawth—adopt the same
tactics as Premier McBride in the
latter was short two or three votes of
a controlling majority in the legis-
lature? Even the Socialist members—
those supposed, and sworn, to avail
themselves of every opportunity to
overthrow wicked capitalist systems
of government—were brought under the
spell of some magic and voted
thumbs up every time Hon. Richard
needed a full house. That experience
should have taught the member from
Nanaimo how the thing was done. We
have no doubt it did, and that he could
have done the same with his "little"
parliament at Nanaimo. But when he
counted the cost he did not have the
resources of the country at his disposal.

Twenty years ago Dalton McCarthy,
one of the foremost statesmen of this
day and a close friend, adviser and ally
of Sir John Macdonald for many years,
declared:
"There is not a manufacturing in-
dustry in this country in which there
is not an understanding between the
men engaged in it by which they
regulate the output and fix the prices,
and there is virtually no competition.
What is the result? The result is that
you are paying an enormous tax on
what you bring into the country; that
your merchant pays to custom house
officers goes into the treasury. He
adds it to the price of his goods, his
profit to that, and it comes out of the
pockets of the people; but if you deal
with the home manufacturer you pay
him the same price as if he had paid
duty, when he has not paid anything,
and the thirty-five per cent. goes into

his pocket and not into the treasury at
all. I came to the conclusion a year
ago that I was no longer going to re-
main an advocate of the N. P. I saw
what was going on. I could not, unless
I was blind, feel seeing it. I knew of
all these conditions and trusts, and I
saw from the public documents the enor-
mous output of these manufacturers."

DAINTY SUMMER DRESSES

enne, Ninon, Paisley, Shepherd Checks and plain silks in all the popular colors. Values up to 75c. Friday, per yard 45c

DAVID SPENCER, LIMITED

PERSONAL.

Mr. S. Mitchell, 27 Prince, will not receive to-morrow nor again this season.

A. C. Burdick left the city yesterday on a short visit to St. Paul and Eastern cities.

Mrs. W. G. Winterburn, of Dallas road, will not be at home on Friday nor again until further notice.

Mrs. W. P. Worthington, children and maid, left on Tuesday for a holiday trip to Harrison Hot Springs.

Mrs. C. Ross MacLennan leaves for the Governor on a visit of several weeks to friends in Southern California.

Mrs. J. H. Penketh, 337 Figgard street, is confined at St. Joseph's hospital after undergoing a successful operation.

Mrs. J. A. Longfield and her mother, Mrs. K. S. Babow, of Yates street, will receive to-morrow and not again this season.

Old Country advice bring the news that Reginald H. Woods, who came out with H. M. C. S. Babow as artificer engineer and is now in charge of the engine and machine shops at the Esquimalt dock yard, has been promoted to chief warrant officer.

Rev. A. E. Roberts, president of the B. C. Methodist Conference, went over to New Westminster this afternoon in order to be present at a farewell reception which the faculty and students of Columbian College are tendering to Principal Sippell, D. D., who is leaving for England and Germany to take a post-graduate course.

Major S. A. Hamilton, assistant secretary of the Tacoma chamber of commerce and board of trade, is in the city in the interests of the Carnival of Nations fete, which will be held in the Sound city during the Fourth of July celebration. The major hopes to secure the co-operation of Lieut. Colonel Currie and the Fifth Regiment in the pageant.

The B. C. Electric Railway Com-
pany carried over 45,000 passengers yester-
day, something less than the estimated
population of the city.

In the police court this morning Frederick Douglas, on a second conviction for automobile speeding, was fined \$20. Robert Eaton, on the information of Constable Mann, pleaded guilty to speeding an automobile and paid a fine of \$20. A similar charge against J. Kilpore and E. Dransfield were each fined \$5 for fighting on Johnson street, and Alfred Loring was fined \$5 for attempting to prevent their arrest by Constable Eaton.

The Sweeney-McConnell baseball team will line up against the East Ends at North Ward park this evening, and a treat is promised the fans. The following are the line-ups: Sweeney-McConnell—F. Sweeney, c.; S. Winsby, p.; Pat O'Rourke, 1st; C. V. McConnell, 2nd; J. H. McConnell, 3rd; E. McConnell, s.s.; F. Levy, c.f.; N. Hocking, r.f.; W. H. P. Sweeney, l.f. East Ends—S.

Sound travels through the air at the rate of about thirty miles a minute.

Curtis' & Harvey's Amberite Cartridges—R. V. Winch & Co. Ltd.

Queen's China.—Made of perfect white china in spiral or fluted patterns. Cups and saucers in three sizes, \$2.25 per doz.; tea plates, \$1.25 and \$1.50 per doz.; cream pitchers, 20c to 40c; teapots, 75c. R. A. Brown & Co., 1302 Douglas street.

The usual mid-week service was held at the W. C. T. U. men's mission, Store street, last evening, preceded by a street service, Rev. A. N. Miller being the speaker.

The convention of the board of fire underwriters of British Columbia is to be held here June 2-5 inclusive. It is expected that the visitors will number upwards of 250. Business will occupy two full days, after which there will be a sight-seeing jaunt to outlying points of interest, and the annual banquet will bring the gathering to a close.

A tea and entertainment will be given at the Aged Women's Home, McClure street, by the Ladies' Aid of the First Presbyterian church, to-morrow afternoon. Among those taking part will be: Mrs. Gleason, Mrs. McDonald (Seattle), and D. A. Fraser, elocutionists; Mrs. Perry, Miss Sexsmith, Miss Harkness, J. G. Brown, R. Morrison, vocalists.

The Ladies' Aid Society of Grace English Lutheran church will meet at the home of the secretary, 514 Garbally road, instead of at the parsonage, as previously announced. This change is necessitated by the illness of the eldest daughter of Rev. Wm. and Mrs. Drabn. The ladies recently held a most successful sale of work and tea, and interest among the members is growing rapidly. The result of the sale, including a piece of work sold privately, was over \$150, the proceeds to go toward the furnishing of the new church on the corner of Queen's avenue and Blanchard street. The ladies deserve credit, not only for the amount and quality of the work sold, but also for the tasteful way in which the church was decorated for the sale. At the fortnightly meetings held by the society visitors are always cordially welcomed.

ASCENSION DAY.

At Christ Church cathedral this evening Ascension Day will be observed with choral evensong at 8 p. m. The order of service follows:
Organ, Interlude (Margt); processional hymn, 605; special psalms, as set, 24, 47 and 108; magnificent (Woodward); Nunc Dimittis (Morington); hymns, 184 and 182; Amen (Stainer); recessional hymn, 179; organ, postlude (Stainer).

\$1 Per Week

Our easy payment plan enables anybody to own one of our fine Graphophones, the best Talking Machines procurable. A large range to choose from at \$20 to \$90.

When You go Camping You Need One of These.

As an entertainer and fun-maker there's nothing to equal a Columbia Graphophone. All the best vocal and instrumental hits on tap, as it were.

Fidelity bonds issued—R. V. Winch & Co. Ltd.

The Fifth Regiment, C. G. A., under command of Lieut.-Col. A. W. Currie, will parade at the drill hall on Sunday at 10 a. m. for the purpose of attending divine service at the First Congregational church, where the Rev. Hermon A. Carson, B. A., will preach a special sermon.

The members of the Grocers' Exchange are looking forward to a successful picnic, to be held at a date to be fixed for some time in July. Committee have been appointed to decide upon a place and to arrange all details. A meeting will be held either Monday or Tuesday next, when reports on progress will be received. If enthusiasm is anything to judge by, the event will be done on a larger and more elaborate scale this year than has ever been the case before. President E. J. Watt occupied the chair at the meeting the other evening.

The first of the new series of dramatic "at homes" under the auspices of the Victoria Amateur Dramatic Club to-morrow evening at 8:15. During the interval in the concert programme refreshments will be served in the club's drawing room. Members may invite friends on this occasion. These dramatic "at homes" will be held monthly during the summer, and at each it is hoped to present a one-act play from the best modern authors. A three-act comedy will be produced by the A. D. C. at the Victoria theatre early in the fall.

PAVING WILL START SOON.
Plant of Mineral Rubber Company Expected in a Few Days.

It is now some time since the great paving contract for the city of Victoria was awarded to the Canadian Mineral Rubber Company, and it is likely that within a few more days actual work upon the contract will be commenced. Of course in connection with such a gigantic undertaking there is always a large number of essential details that require consideration, and it is these which at the present time are occupying the attention of the paving company.

It is understood that their plant will be here shortly, however, and immediately on its arrival City Engineer Smith will give them a assignment of streets to start work upon. In that way no time will be lost. The streets will be paved in batches, just as the city engineer authorizes. Already a number of the company's work wagons have arrived in the city, and, as already stated, the entire plant is expected within a few days.

"RESURRECTION"

It is seldom indeed that the public have an opportunity of witnessing a play like Tolstoy's "Resurrection" at popular prices. The Allan Players are going to present this great Russian drama for four consecutive performances at the Victoria Theatre, commencing on Thursday, May 25. "Resurrection" is without doubt one of the most talked-of dramas of modern times, and its name will outlive that of many other plays. It is not a problem play, but is founded on facts which have caused the reforming element of all nations to take notice. It deals with convict life in Siberia, one of the worst forms of criminal punishment which it would be possible to describe. The brutality of the officers in charge makes it doubly hard for the criminals, many of whom are innocently convicted.

The play offers great scope for scenic equipment, and Manager Allen has spent a great amount of money on the scenery for this play. Miss Vera Felton, as "Katusha Marlowa," will be seen in a role entirely different from anything she has hitherto attempted in Victoria, and the press criticisms elsewhere have been very favorable, on her portrayal of this many-sided and difficult role.

There will be a popular priced matinee on Saturday afternoon, at which the same play will be presented.

William Abbis, who was sent up for a speedy trial on a charge of wife beating, has been admitted to bail by Judge Lampan on \$250 cash. The case will be heard in the county court to-morrow, provided that the case of Rex v. Morphy, set for the same day, is finished in time.

TOPOGRAPHIC WORK ON VANCOUVER ISLAND

R. H. Chapman Here to Resume Operations—Results Already Achieved

Robert H. Chapman, of the Geological Survey of Canada, is again here to continue the work of topographical survey of Vancouver Island and is at the Empress. His field operations will be begun near Cowichan lake in the course of a week.

During the winter season past the topographical field sheets of the work done in the summer of 1910 have been finished and made ready for the work of reproduction by the engravers. It is probable that advance photographs of these sheets will soon be available for use. With these and the maps made during 1903 Vancouver Island is mapped from the south-east end including Victoria, to a north-and-south line in longitude 124 extending across the entire island.

The idea planned for this field season lies to the westward of 124 degrees of longitude and comprises a strip one degree in width, extending across the island, which will carry it to 125 degrees of longitude.

A glance at a map of the island shows that this includes the west coast, from near Jordan River, nearly to Cape Beale, most of the Alberni Canal, the town of Alberni, the whole of Cowichan Lake and the north (or east) coast from a point just north-west of Nanaimo to and including Comox Harbor. There is considerable high country to be covered, several mountains rising to 5,000 and 6,000 feet above sea level and many to over 4,000. It is hoped by Mr. Chapman that delays due to smoke, such as were encountered last year, will not appear this summer.

RUNAWAY COUPLE

RETURN AND WED

Len Carlow and Miss Winnie Downard Married To-day in Victoria

Seattle, Wash., May 25.—Tired of waiting for parental consent Winnie Downard, aged 17 years, and Len Carlow, 22 years old, came to Seattle Monday night from Victoria, B. C., for the avowed purpose of getting married, but too late to make arrangements to have the ceremony performed. The young man, in an effort to find a lodging for the night, encountered a further snag. The hotel people in some mysterious manner had their attention called to the couple's presence in the city, and both were taken to the police station pending the receipt of a telegram from the father of the girl, who is under age, that he was willing she should marry. Carlow said that he had asked the consent of the girl's father to their marriage, and that he was willing, except that he wanted them to wait, and that they had become tired of waiting.

Mr. Carlow and Miss Downard returned to Victoria yesterday afternoon, and are being married at the home of Miss Downard's parents this afternoon by Rev. William Stevenson.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, May 25.—5 a. m.—The weather is becoming unsettled and cool over the Pacific slope, and high southerly winds have prevailed along the Coast. Showers have again been general in the prairie provinces, and Winnipeg reports a fall of over one inch.

Forecasts.

For 24 hours ending 5 p. m. Friday. Victoria and vicinity—Mostly cloudy and cool, with showers.

Lower Mainland—Light to moderate winds, mostly cloudy and cool, with showers.

Reports at 5 a. m.

Victoria—Barometer, 29.57; temperature, 50; minimum, 48; wind, S. miles S., weather, cloudy.

Vancouver—Barometer, 29.09; temperature, 48; minimum, 45; wind, 4 miles S.; weather, cloudy.

SPORT NOTES

The Vancouver junior lacrosse team, the West Ends, failed to show up yesterday to play their scheduled game with a picked junior team of Victoria, and, as a consequence, the local lads were greatly disappointed.

A curious incident happened in Tuesday's ball game, when, with the bases full, Reddick, on third, calmly

walked home and the batter took first. It seemed that the pitcher had made a balk, but it was some time before Baumgarten could make Williams and the rest of the Pippins understand this.

The international committee of Olympic games has sustained the objection entered by the American members to the inclusion of winter sports in the 1912 programme, as proposed by Sweden. Cleveland has extended an invitation to the committee to hold the Olympic games there in 1916.

Budapest and Alexandria also are competing for the honor.

A special meeting of the Amateur Island Football League executive is being held to-night in the Y. M. C. A. rooms, to make all arrangements for the final game between the Foresters and Victoria-West.

DeVogt, the new catcher, is making a hit with the fans. He has a beautiful peg to second and he occasionally

swats out a long hit. His two-bagger on Tuesday won the game for Victoria, without a doubt.

The first game of the intermediate amateur baseball series was played between the Beacon Hill and East End teams on Tuesday afternoon, resulting in a win for the latter by a score of 8 to 0. Humber and Ward were the battery for the victors and R. Steele and Watson pitched and caught for the Hills.

VICTORIA WINS OUT IN LUCKY SEVENTH

McCreery's Wildness Responsible for Most of Portland's Runs.

Compiling four runs in the seventh inning, Victoria overcame Portland's lead of three on Tuesday and won one of the hardest fought games seen on the local diamond. The result was just what was needed to revive the waning enthusiasm of a great many of the fans, whose loyalty had been severely tested during the last week or so and especially on Monday.

That the Islanders did not win by a greater margin was entirely due to McCreery, whose generosity in donating passes was responsible for at least three of Portland's runs. Outside of this, he pitched good ball, allowing only eight hits and keeping these scattered. Archer's delivery was much easier to solve and in only one inning, the seven of a great many of the fans, whose loyalty had been severely tested during the last week or so and especially on Monday.

Comparing the exhibition with that of Monday, it seemed like a new team which took the field for Victoria. Every man was full of ginger and snappy, quick-witted plays common on both sides. Victoria had a chance in the first inning, but were out-tricked by the Pippins. Milton beat out a hit and was advanced to third on Goodman's single. On the first ball pitched, Goodman went down and Bradley threw to Casey, apparently trying to catch the runner. Casey, however, saw Milton break for home and, ignoring Goodman, made a quick return, pegging Milton at the plate. With no one down and the bases full, the Islanders again looked good for a run in the second, and again a quick play choked them off. DeVogt grounded to Mensor, who touched second and threw to first, making an unassisted double. Victoria did make a run in the third on a two-bagger by Davis and two singles, for which Raymer and Milton were responsible. They also scored in the fourth, on a couple of passes and a hit. Archer then took a brace and shut them out in the fifth and sixth.

In the meantime the Pippins had gathered together four runs, one in the second, one in the third and two in the fifth. They were only prevented from

scoring in the fourth by Raymer's and Reddick's quick work in cutting Mensor and Spies off at the plate. When Casey crossed the plate in the first of the seventh, bringing Portland's total to five, against Victoria's two, another victory for the victors seemed certain, but as the hopeful fans said, "All was not over, just yet."

Ever since the first game played in Victoria against Spokane, when six of the Islanders circled the paths in the seventh inning, winning an almost hopeless game, that inning has been dubbed the lucky one. Not until last Tuesday, however, did it live up to its name.

Goodman, the first man up, went out at first. Householder allowed a fast shot to graze his shirt and ran to first, yelling out that he was killed. And he got away with it, too. Ward singled and Reddick walked and every sack had its occupant. DeVogt, the latest recruit, proved his worth by pounding out a long hit, bringing in Householder, Ward and Reddick. DeVogt advanced to third on a passed ball and came in on Davis' single. The last two innings were devoid of incident.

The score was:

	A.	B.	R.	H.	P.	O.	A.	E.
Portland	1	1	1	2	0	0	0	0
Mundorff, 3 b.	1	1	1	2	0	0	0	0
Casey, 2 b.	1	1	1	2	0	0	0	0
Stovall, r. f.	1	1	1	2	0	0	0	0
Williams, l. b.	1	1	1	2	0	0	0	0
Mensor, s. s.	1	1	1	2	0	0	0	0
Spies, c. f.	1	1	1	2	0	0	0	0
Ort, l. f.	1	1	1	2	0	0	0	0
Bradley, c.	1	1	1	2	0	0	0	0
Archer, p.	1	1	1	2	0	0	0	0
Eastley, p.	1	1	1	2	0	0	0	0
Totals	1	1	1	2	0	0	0	0

Score by Inning:

	1	2	3	4	5	6	7	8	9	Total
Portland	0	1	1	0	0	0	0	0	0	2
Victoria	0	0	1	0	0	0	4	0	0	5

Summary:

Stolen bases—Stovall, Davis. Sacrifices—Stovall, McCreery. Two base hits—Williams, Davis, DeVogt. Three base hit—Goodman, 3 b. Error—Householder. Spies. Double plays—Mensor to Williams. Archer to Bradley and one-third innings. Pitched seven and one-third innings. Allowed 13 hits, 6 runs; no hits, no runs off Eastley in one and two-thirds innings. Struck out—By Archer, 3; by Eastley, 2. Hit by McCreery, 6. Bases on balls—Ort by Archer, 5; off McCreery, 7. Hit by pitched ball—Ort by McCreery. Householder by Archer. Wild pitch—McCreery (2). Passed balls—De Vogt, 2; Bradley, 1. Time of game—2 hours 30 minutes. Umpire—Baumgarten.

THOMAS' WILDNESS GIVES PIPPINS GAME

Erratic Twirler Walks Eleven Men—Replaced in Ninth by Parks

Some wild pitching has been seen at the Athletic park, but nothing quite so erratic as was Thomas yesterday. The Portland "Pippins" did not make a hit in six innings, and yet they scored two runs and were dangerous on several other occasions. Lamline pitched splendid ball and kept the six hits he allowed so scattered that Victoria was only dangerous once, in the fifth inning—Thomas walked eleven men.

Dashwood went behind the bat in the first inning, but his sore fingers still prevented him from pegging the daring base thief, and after two or three sacks had been stolen he was replaced by DeVogt.

Thomas forced a run in the fourth. Stovall walked and stole second. On Williams' hit to Raymer he went to third, arriving a second or so before the ball. Mensor and Spies were both presented with passes and forced Stovall in. With the bases still crowded, Portland looked good for a couple more, but Williams was caught off his base, Ort struck out and Harris was pegged at first.

In the sixth, Portland's run was scored as a result of Reddick's and DeVogt's errors and Thomas' wild pitch, and in the seventh Stovall came in on Williams' two-bagger, after walking to first and stealing second. The eighth was the most disastrous. With three men on bases, four singles in succession brought home as many runs.

As was mentioned, Victoria was only dangerous in one inning, the fifth. Householder singled, Ward got safe on Lamline's error and Reddick hit for one sack, filling the bases. Then for one quick succession and Davis was pegged at first.

Parks replaced Thomas in the ninth and shut the visitors out. Mensor and Spies executed the prettiest play of the afternoon, a double steal, taking second and third respectively. Between

BIG PURSE WON BY OCEAN QUEEN

MAKES FASTEST MILE OF PRESENT MEETING

Lord of Forest Shows Heels to Phillistina—Lops Second Off Mare's Time

The mile Celebration handicap, the feature of the holiday races at the Willows, was won after a splendidly ridden race, yesterday afternoon, by Dunlop and Garry's Ocean Queen, with Keogh up and carrying the normal weight of 108 pounds, from a field of seven opponents.

Ocean Queen beat off Roy Junior and Jack Paine in the last furlong, showing a splendid burst of finishing speed, and looked good for another furlong when she pulled up at the end of the mile in 1:44; the fastest mile at the track this meeting, and 2-5 better than Phillistina's mile win from Capewell on Monday.

Jessopburn, which surprised Roy Junior at 6-4 on Monday, Eddie Grancy, Dr. Doherty, Beaman and Sir John were the other starters, Beaman and Paine carrying 118 each and Roy Junior 113. Ocean Queen opened on the board at 4-1, but with \$100 laid in one bet the price was shortened and the book and machine eventually paid about the same, 9 to 5. Roy Junior and Jack Paine were the next best choices, while Beaman found many backers.

Keogh got the winning horse away a trifle late and had to bump out a position in the jam at the first turn. The first time round Keogh was finding with striking distance of Paine and Roy Junior, which were making pace. In the back stretch, Ocean Queen fell back half a length to fourth place and Keogh, on entering the last turn, laid the whip on, and bringing his mare up to the third horse on entering the straight.

A cleverly ridden race and remarkably judged distance brought him on even terms with the leaders, less than 100 yards from the wire, and Ocean Queen had the remains of a hasty sprint with which to show the field half a length. A length covered the second and third.

Horses ran to form throughout the card yesterday. Dargin was much the better horse at 5 furlongs in the first race, although a comparison was not shown against his chief opponent, for Gellio, which ran a fast five in 1:03. French just landed Platoon into second money from Bellsnickler, which had a bad deal at the barrier. The machine paid \$37.50 for 5, place \$8, and Platoon \$4.50.

Flight was three lengths the better in the second five furlong race and Brunell beat Lord Clinton for second money. Good Intent had the lead till a furlong out and then died away. Bel had insufficient speed for five furlongs, and the favorite Helen Hawkins did not show. Time 1:03 2-5, dividend, \$60.50 for 5, place \$12.20 and Brunell \$7.40.

The six furlong race was a duel between Lord of the Forest and Phillistina, and the Lord beat the speedy mare at her own distance making one second better time than Phillistina's win last Saturday, when she went the six from Netting and Irish Mail in 1:17 2-5. Lord of the Forest, front running all the way, gave Phillistina the dust in 1:16 2-5 yesterday. Beda showed a fine turn of speed for the extra furlong and ran into third money. The favorite Quality Street was beaten badly. Dividend, \$28.75.

for \$5, place \$5.25 and Phillistina \$5.10.

Altamora broke away from the barrier in the second six furlong event and then refused to start. Manoeuvring for positions Daddy Gip and Thistle Belle, the favorite, got away together at equal weights, 107. The Belle was the best horse and led by a little all the way. Ada Meade at equal weights with the first two ran third. Time 1:15 3-5, being the fastest furlongs run on the track this meeting.

Thistle Belle paid \$2.75 for 5, place \$2.90; Daddy Gip \$1.95. The handicap dividend was Ocean Queen \$14.75 for 5, place \$3.25; Roy Junior \$5.50. For the second time this meeting Nebraska Lass was made favorite in the betting and for the second time refused to leave the barrier. A disgusted bunch of backers again yelled imprecations at the mare yesterday, having backed her down to the position of joint favorite with Capewell. The latter horse was the best class in the race, with Nebraska Lass left, and put several lengths between herself and the other five in the first quarter. Belle Chiff's jockey evidently thought the race was over at the first time round, for he pulled up and took the high rise after passing the post. Dene, with several lengths to make up, went out after Belle Chiff and beat her in the straight for second money. Time, 1:45 2-5. Dividend \$13 for 5, place \$4.25; Dene \$10.

TUESDAY'S RESULTS.
Four furlongs—Ah Moon, Annuity, Ravona. Time, 52. Dividend \$10 for 5, place \$3.50; Annuity \$7.50.

Five furlongs—Redondo, Toller, Buelco. Time, 1:04. Dividend \$13 for 5, place \$3.50; Toller \$3.50; Buelco \$3.50. Five furlongs—Blondy, Gellio, Irish Mail. Time, 1:03. Dividend, \$8.50 for 5, place \$2.75; Gellio \$3.

Five furlongs—Ravaria, Lord of the Forest, Sneezor. Time, 1:02 4-5. Dividend, \$31 for 5, place \$4.30; Lord of the Forest \$3.70.

Five furlongs—Conbury, Chanticleer, Lookout. Time, 1:03. Dividend, \$11.75 for 5, place \$3.80; Chanticleer \$15.30. Mile and 100 yards—Vindam, Sir Angus, Special Delivery. Time, 1:47 2-5. Dividend, \$12.50 for 5, place \$3.90; Sir Angus \$3.25.

The machine yesterday received a lot of play and the Jackson Club book is reported to have been struck for \$6,800 by F. D. Howard, the owner of Jack Paine, who played Lord of the Forest to beat Phillistina, and followed it up with Thistle Belle, Ocean Queen and Capewell. The open book refused \$400 from him on a second Capewell bet.

Weber was not as good as usual at the barrier. Starts were delayed and several horses were left. In one race the barrier was broken four times.

Yesterday's card was a trial at four distances. Tuesday there were four 5-furlong events.

INDIANS ROB PROSPECTOR.

Port Simpson, May 25.—Steve Schwitzer, a German from Westphalia, who has been prospecting three years in this northern country, reported the theft of supplies by Naas Indians. Schwitzer, who has been prospecting in the Naas district since June last, comes to Stewart monthly.

On April 29, a cache was robbed, and on May 19, from another cache a hundredweight of foodstuffs, 75 pounds of blankets and canvas and tools valued at \$200 were taken. Schwitzer's camp is 27 miles away on the Hanna river, four miles east from the Bear river glacier and nine miles northwest from the head of Straun lake, otherwise known as Missiana lake.

The leader of the robbers is stated to be an Indian named Ambrose, of the Aynch village, 50 miles above the mouth of the Naas. The Indians have threatened to steal everything they can lay their hands on, and the two policemen now stationed at Stewart seem powerless to cope with the situation.

To prevent fraud a number of the London county council train cars are now fitted with coin testers.

CHAMPIONS WON IN A DOUBLE-HEADER

Over Ten Thousand Saw the Games in Vancouver—Tacoma Shut Out Seattle

Vancouver, May 25.—Vancouver dropped both games to Spokane yesterday, the champions winning the morning affair by a score of 4-2, and finishing on the long end of a 2-0 score in the afternoon.

The Indians had the sign tacked on the Beavers in both contests, errors being responsible to a large extent for the defeat of the locals in the first game, while in the afternoon Vic Holm pitched one of the best games of his career, letting the Beavers down with two hits, one of which was a gift on the part of Nordyke, who took too much time on Spiesman's easy grounder.

Although the locals slammed Holm's offerings hard, all of the drivers were lined directly at the fielders. George Engle dropped his first game of the season, being nigh hit in the latter stages of the afternoon game, and he was pulled out in the eighth, Gervais finishing the game.

All attendance records were broken at both games, over 10,000 people witnessing the games.

The scores were:

CRICKET

NANAIMO C. C. VS. GARRISON C. C.

A beautiful day greeted the visitors who arrived in Victoria by boat shortly before noon on Tuesday. In the temperance room of the Garrison quarters a table was spread surpassing the usual high standard which reputation gives the Garrison diners. It fairly groaned and so did the participants later with the weight of viands.

Genial Captain Foulkes rightly guessed the toss of the coin, sending in Asky and Roberson to face the bowling of Waugh and Shepherd. Runs came very slowly and not until the two captains became vis-a-vis did any semblance of a stand take place. Captain Mills contributed a very useful 14. The newcomer tried to overtake Capt. Foulkes and almost succeeded when H. Jepson upset his stumps, his score showing 29 notches. When the slipper had completed 42 he remembered an important engagement at the club house. Only one duck on the side accounted for the score of 145.

Nanaimo, rather than cancel their engagements, came with only nine men, leaving many good men at home. Their example has created considerable favorable comment and their plucky fight was appreciated by friend and foe alike.

J. Waugh did better bowling than his analysis would lead one to infer. H. Jepson's 30 and a 15 by Shepherd were creditable performances. This is Nanaimo's first match this season.

Captain Foulkes, not content as a top-notch in tennis, in golf and with cricket bat, in the bowling arena comes out with 4 wickets for 19 runs. The score follows:

Nanaimo 1st Innings.

C. A. ISMAY SCORES FIRST CENTURY.

At the Albion C. C. grounds in Beacon Hill park which, on this glorious day was dressed in its wealth of floral beauty, having for a background the picturesque cottages, the made, the seemingly near mountains of cerule blue, whose peaks were tipped with white, grew the first century plant of the season. His name is H. A. Ismay.

But to the game:

Nanaimo having won the toss decided to send the Albions to the bat, much to the surprise of the assembled multitude, which had another surprise in store for them. Messrs. Idlens, H. A. Ismay, A. C. Bayley and E. W. Ismay played up and ran between the wicket and the club house, the score board reading at the close of their performances 5-4-0.

Meanwhile Trimen had been patiently holding up his wicket. With Gregson, the stone-waller, the score mounted to 49 to which the last named batsman had contributed 23. Shortly after this adjournment was taken for lunch, presided over by Mrs. White and enjoyed by all.

Upon the resumption of hostilities Trimen was snatched behind the wicket having played a sterling innings of 22. Again a collapse and the side out for 78. H. Jepson with 3 wickets for 12 runs, was little ahead of Newberry and Carnelle in the bowling.

For Nanaimo J. Waugh 15, Killick, after two tries before scoring 28; and J. S. Roberson also ran. Total, 60. Mr. Parsons' 8 wickets for 29 runs, speaks volumes.

And now to turn over the sheet beginning again with plenty of time left to complete two such innings. The magician, H. A. Ismay, with nothing but his little bat, no lives, no errors, produced the first beautiful century plant of the season. It was truly delightful to see it grow. Some one, twenty-two, nine fours, and a six, and then not out. With the score at 153 for two wickets the innings was declared closed.

Nanaimo could not possibly make the runs in the time left, but they made a very good showing. Next to the 100 not out score came the remarkable list of 1 b. w. victims. The score:

Albion 1st Innings.

Money Invested

**In Good Coal Mining
Stock Is Safer than
a Bank**

The man or woman who invests in a coal mine or legitimate coal mining properties as a business proposition stands less chance of loss than if he or she were buying high grade real estate and the chances of large and satisfactory profits are many times greater.

What are you doing with your money? Where are you keeping your savings that you are accumulating for a rainy day? Is your money earning you more money? These are the questions which every thoughtful man or woman should answer themselves and those dependent on them. If you have deposited it in a Bank and are satisfied with three per cent, we have nothing more to say. If not, we can help you.

The man whose money earns no more than three per cent is robbing himself. He defeats his own object. The average man cannot save a fortune. Those who have saved fortunes made a fortunate investment first as the foundation of business. Fortune must be sought; it does not come to him who waits. The man who would have things must go after them. It costs nerve, courage, work—nothing more.

Your investment is your surplus energy. Working with another man's hands and brains. If you are utilizing your opportunities in life every dollar you own should be working for you and you should own one hundred cents of its earning power.

When you take part in a great organization like The Prince Rupert-Nanaimo Collieries, Limited, you simply make possible what you alone could not accomplish, and you receive the profits direct from every cent of investment you make.

When you invest in a safe, sound, legitimate proposition such as The Prince Rupert-Nanaimo Collieries, Limited, you do not part with your money, you neither risk nor jeopardize your money, but you put it to work where it produces, continually, profitably, and beyond question, safely.

The Prince Rupert-Nanaimo Collieries, Limited controls by license from the government of British Columbia, 22 square miles of coal lands on Graham Island almost immediately opposite Prince Rupert. Mining engineers, prospectors and other competent to judge have pronounced the property to be one of the best coal mining propositions on Graham Island.

The Prince Rupert-Nanaimo Collieries, Limited, has been organized under the laws of British Columbia with a capital of \$1,500,000 divided into 1,500,000 shares of par value \$1.00.

In order to procure the immediate development of the property and the placing of same on a shipping basis, the Trustee of the Company, F. R. Laing, is offering for sale 500,000 shares. Of this block the first 100,000 shares are now on the market for subscription at 25 cents per share payable 10 cents per share cash down and the remainder in three equal monthly payments.

The shares are non-assessable. When you have paid your 25 cents per share you will receive a certificate for fully paid up \$1.00 shares. No further calls or assessments.

The smallest block which the Trustee will sell is 100 shares or \$25 worth.

Write or call to-day for prospectus containing full information concerning the company.

The registered head office of the Prince Rupert-Nanaimo Collieries, Limited, and the office of F. R. Laing, the Trustee, is 39, Bank of Hamilton Building, Vancouver, B.C.

GENERAL AGENTS FOR VICTORIA, B. C.

TROPHY REMAINS AS CENTRAL'S PROPERTY

Red-and-White Run Up Big
Total in School Sports—
Splendid Races

Central School, 31½ points,
High School, 14 points,
South Park, 12½ points,
Kingston Street, 19 points,
Victoria West, 7 points,
North Ward, 5 points,
Collegiate, 2 points,
Sir James Douglas, 1 point,
Geo. Jay, 1 point.

Again the track athletes of the Boys' Central School have been acclaimed the victors in the annual school sports, and as a result the challenge cup, emblematic of the school's superiority, will for another year adorn the trophy case of that institution. At the field meet held at the Oak Bay park on Tuesday afternoon the Central students ran up a total number of points, which was only a little behind the aggregate of the three schools next in order.

A large crowd of spectators watched the wearers of the red and white breast the tape first in the majority of the running events. The sports were far from featureless, as some of the races were filled with sufficient excitement to thrill the blood in the veins of any true sportsman. One of the outstanding points of the meet was that nine schools were represented, the George Jay and Sir James Douglas boys receiving their initiation into the school sports. These two schools could not be expected to do a great deal, but nevertheless succeeded in gathering together one point each.

In all the sprints the runners made splendid time, being aided by a fair wind. It is said that the track was short in the distances, which was largely responsible for the new records established for the school sports. Two stop-watches caught George Dickson at 10 seconds flat for the 100 yards for school boys of any age. Outstanding in the races of Tuesday was that there is plenty of material amongst the school boys to replace the present sprinters who uphold the honors of this city against all comers. Some of the youngsters showed excellent form, running with a style that elicited much comment from old-time athletes who stood around the track.

As usual the feature race of the day proved to be the relay race, and from this the Central boys swelled their total considerably. The red and white experts of the cinder path took the lead from the pistol shot, and each succeeding man increased the distance between the competitors. The high jumping was also good.

Ian St. Clair, the veteran drill instructor of the public schools, was in attendance and took a keen interest in the events. He was overjoyed when he heard that Central had won the cup, and said: "I never yet knew a Central boy who turned out to be a rotter. They're made of the right stuff and all make their mark in the world."

The results in the competitions were as follows:

High jump—1, Christie, Central, and Johns, North Ward (dead heat), 4 feet 4 inches; 2, Jones, North Ward, 3 feet 10 inches.

100 yards (open to boys under 12 years)—1, Hay, Central; 2, Cooksey, Kingston Street; 3, Slater, Central. Time, 12 2-5.

220 yards (open to boys under 12 years)—1, Hay, Central; 2, Cooksey, Kingston Street; 3, Slater, Central. Time, 30 4-5.

100 yards (open to school boys any age)—1, Dickson; 2, McCallum; 3, Betterton. Time, 10 flat.

220 yards (open to school boys any age)—1, Dickson; 2, Betterton; 3, Steele. Time, 23 3-5.

440 yards (open to old boys)—1, Beasley; 2, Day. Time, 57 2-5.

Half mile (open to school boys any age)—1, R. McKay; 2, E. Steele. Time, 2:13 1-5.

100 yards (open to old boys)—1, Beasley; 2, Day. Time, 10 1-5.

High jump (open to school boys any age)—1, Dickson, 5 feet 4 inches; 2, McCallum, 5 feet 3 inches; 3, Betterton, 5 feet.

100 yards (under 16 years)—1, McLean, High School; 2, McDonald, High School; 3, Simpson, Collegiate. Time, 10 4-5.

220 yards (under 16 years)—1, McDonald, High School; 2, McLean, High School; 3, Ledingham, North Ward. Time, 25 1-5.

440 yards (under 16 years)—1, McDonald, High School; 2, Knox, Central; 3, Nicholson, Collegiate. Time, 1:00 3-5.

Relay race (under 16 years)—1, Central team, consisting of E. Tuhman, H. Stevens, H. Carter and A. Knox.

High jump (under 16 years)—1, Bendrodt, South Park, 5 feet; 2, McBrady, Central, 4 feet 11 inches; 3, McLean, High School, 4 feet 9 inches.

100 yards (under 14 years)—1, Carroll, Victoria West; 2, Drury, South Park; 3, Baker, Central. Time, 12 2-5.

220 yards (under 14 years)—1, C. Hay, Central; 2, Carroll, Victoria West; 3, Plummer, Central. Time, 28 1-5.

75 yards (under 10 years)—1, H. Watson, Kingston Street school; 2, A. Litchfield, Central; 3, W. Robertson, Geo. Jay. Time, 11 1-5.

150 yards (under 10 years)—1, Harold Watson, Kingston; 2, A. Litchfield, Central; 3, H. Steik, Sir James Douglas. Time, 22 2-5.

75 yards (under 8 years)—R. Goodacre, Central; 2, C. Gould, Victoria West; 3, H. Cuthbert, Kingston Street.

MAY NOW MAIRY.

Vancouver, May 25.—Chief Justice Hunter gave his consent to the order which will allow Miss Lillian Davis, of this city, to marry the lover of her choice. The father of Miss Davis is now abroad. Her mother was willing that she should marry, but as she is under twenty-one the consent of both parents or an order from the court was necessary. On the production of an affidavit on behalf of the prospective bridegroom, showing that he was able to maintain her, the court made the necessary order.

ARRANGEMENTS FOR THE SCOTCH SPORTS

Entries Give Promise of Keen
Competitions—Souvenir Pro-
grammes and Tombola

The final arrangements for the Scotch celebration to be held on June 3 were made at the meeting of the sports committee of the St. Andrew's and Caledonian Society Monday night.

It was decided to hold a parade in the morning at 10 o'clock. The sports, on account of the lengthy programme, will begin at 1 in the afternoon promptly. Entries for these are coming in well both from local and outside points. Competition will be very keen according to present indications.

The B. C. A. A. U. rules will be the field laws, and the sanction of that association has been received for the meet. Many clubs, not in the union before, have joined recently in order to be able to participate in the contests.

The programmes are being printed in book form, bound with red ribbon, and will be very attractive. The design on the front emblem of the Caledonian Society, Scotland and Britain. Each purchaser of one of these handsome souvenir programmes will get a ticket entitling to one chance for the tombola prizes. The winning number receives a gold watch, ladies' or gentleman's, as the case may be, and there will be other valuable prizes.

One of the most interesting features of the programme will be the performance of Angus M. Fraser, Montreal champion piper and dancer of America. The half-mile race which has been included in the programme by special request is slated as an extra.

The convention of the recently organized St. Andrew's and Caledonian Society will be held here on June 2. Delegates from Vancouver, North Vancouver, New Westminster, Chilliwack, Kamloops, Cranbrook, Revelstoke, and other provincial centres, will attend. A banquet will be given in the evening. The Daughters of Scotland of Victoria are sending an invitation to their Vancouver sisters to attend.

PASSING SHOW

Crystal Theatre.

"The Shadow of the Cross" has been drawing capacity crowds to this popular house. The price has not been changed, and with five reels of first-run pictures, it is a show, seldom equalled.

The canvas on which the picture is painted measures four by seven feet. In ordinary light there is seen a life-sized standing Galilean, one hand resting across his breast, the other hanging by his side. Of all the human pictures of the Saviour, perhaps none other conveys the clearness of his realization, the pathos of his resignation.

In order that the strange phenomenon connected with this picture may be seen, it is exhibited in a gallery from which all daylight is excluded; thus allowing the lights to be turned off and the picture viewed in utter darkness. Seen in the dark, the figure of Christ appears as if walking in the pale moonlight, an effect of light which no human could paint, and now one feels himself in the presence of the man as he was in the garden of Gethsemane.

Above and behind the figure is a dark cross, which seems to hover over him, and this is what first suggested the name, "The Shadow of the Cross."

"Lady Clare," after the poem by Alfred Tennyson. The story this famous poem tells is familiar to all. "It Pays to Be Frank," which is the moral convert of an essentially wholesome and uplifting that it may well be honored by filming. "As Your Hair Grows White," Powers drama. "Cheese Bay," comedy. "Travels to the Canary Islands," scenic. "The Left Hook," great boxing picture.

New Empress Theatre.

The management of this theatre has secured some fine pictures for to-day. It is hard to say which deserves first place on the list, but "Zulu," a drama by Selig is probably the finest film as far as scenery and photography is concerned. "Daisies" is a pretty love story by Vitaphone. "The Prodigal Son," is a sermon in actions by Gaumont Co. "Bobby's Sweetheart," is a roaring comedy, while the "Result of the Races" is a very interesting picture.

Madam Burnett will be heard in a very appropriate song, entitled "Hail King George." This is a new song, which is being sung here for the first time, and considering Madam Burnett's fine voice there is no doubt but that she will do it perfect justice.

Romano Photoplay Theatre.

The management of this popular picture house will present to their patrons to-day one of the finest films ever shown in this city. It is an Ambrosio masterpiece, entitled "Green-dier Roland" being an episode in the battle of Moscow. The film was taken amid the Russian snows, and shows the realistic battle scenes, the sensational defeat of Napoleon, with the belching cannon, the battling soldiers, scenes of heroism and daring all reproduced in the most exquisite photography. A gripping heart story with a thrilling climax, in which Grenadier Roland dies a hero's death.

The other films to be shown are all features, including "The Temptress," an imp drama, "Crisis and Joy of Persecution," Powers comedy. Miss England will be heard in a new song, and the selection of music for the pictures.

Majestic Theatre.

To-day will be shown one of the best selections of pictures ever seen anywhere. "Brave Hearts," a story centring around the theme that in great peril is an insane person in great peril, and the theme that in great peril is an insane person in great peril, and the theme that in great peril is an insane person in great peril.

SOCIAL AND PERSONAL

Mrs. Rexgrave, Boston, Mass., is a
visitor to Victoria.
Mr. and Mrs. Russell, Ottawa, are
visiting friends here.
Mrs. G. L. Robbins, Montreal, is visit-
ing relatives in Victoria.
Mrs. G. A. B. Hall will not receive
to-day nor again till fall.
George Evans, Cincinnati, Ohio, is
spending a few days in Victoria.
Mrs. Hodgson, Calgary, Alta., is stay-
ing with her aunt, Mrs. R. P. Gillis.
G. L. Proctor, the Prince Rupert
architect, is spending a few days in the
city.
Mr. and Mrs. Hanford, Saskatoon,
Sask., are staying with Mrs. A. R.
Witt.
Rev. A. de B. Owen, New Westmin-
ster, has been making a brief visit to
Victoria.
Mrs. R. B. Lamb, Fernie, is visiting
her sister, Mrs. Edward North, 733 Vic-
toria Crescent.
Mrs. Edwin Dalley, 602 Garbally road,
will not receive to-morrow nor again
until further notice.
Mr. and Mrs. Rayborne and family,
New Westminster, are spending their
summer vacation here.
Dr. F. X. McPhillips, Vancouver,
spent the holiday as the guest of his
brother, Hon. A. E. McPhillips.
Harry Wright, M. P. E., is in the
Kootenay Lake general hospital, Nelson,
with a most serious attack of La
grippe.
Mr. and Mrs. James M. Mellis and
their little daughter left yesterday for
Vancouver, where they will spend the
rest of the week.
Mrs. Arthur Barrow and family,
Prince Rupert, are visiting relatives
and friends here previous to leaving on
an extended visit to the Old Country.
W. W. Wrathall, chief operator at
Hazelton, for some time a member of
the C. P. R. staff here, is enjoying a
short vacation with friends on the
coast.
Mrs. Gaudin, who has lately moved to
1755 Hampshire road, Oak Bay, will
be at home to-morrow, and in future
on the first and fourth Friday of each
month.
M. M. English, of the British Colum-
bia Packers' Association, has, with Mrs.
English, been visiting at Massett with
the latter's sister, Miss Nichols, school
teacher.
Mr. Justice Murphy, upon the conclu-
sion of the civil assize at Fernie, will
return to Victoria and leave again
shortly with Mrs. Murphy for the Old
Country, where they will spend the
summer.
Major Morrison, for the past 15 years
manager for R. Cunningham & Son,
Ltd., at Hazelton, is spending a few
days in the city before taking up his
duties at Port Essington, to which point
he has been transferred.
Capt. F. W. J. Moore, of the reserve
staff adjutant of the British Columbia
military district, No. 11, with head-
quarters at Work Point, to relieve Capt.
C. C. Bennett, who has been transfer-
red to Toronto.
A quiet wedding took place on Mon-
day evening at the residence of Mr. T.
Richardson, 550 Dallas avenue, the con-
tracting parties being Mr. T. James
Morrison and Miss Gertrude V. De-
Pledge, both of this city. The ceremony
was performed by Rev. T. E. Holling.
Ex-Mayor and Mrs. Fred Stork and
family, Prince Rupert, spent yesterday
in the city en route to Bolton, Ont.

FOLDING TEA TABLE

Top Closes Over and Dishes Sink Out
of Sight in Body.
Sir John Knill, former lord mayor of
London, has just been presented with a
tea table like that in the illustration by
the city corporation of that city. That
fact alone would recommend the table
to some people, but it happens to have
merits of its own. The big feature of
this piece of furniture is that it "clears
away" itself. The two end pieces that
form part of the top, instead of folding

"THE GIFT CENTRE."
1017 Govt. St. Victoria, B. C.

Mr. Stork's old home. Subsequently Mr.
and Mrs. Stork will sail for England
from New York, afterwards spending
some time touring the continent.

Top Closes Over and Dishes Sink Out
of Sight in Body.

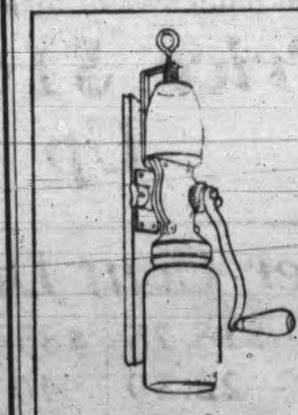

Sir John Knill, former lord mayor of
London, has just been presented with a
tea table like that in the illustration by
the city corporation of that city. That
fact alone would recommend the table
to some people, but it happens to have
merits of its own. The big feature of
this piece of furniture is that it "clears
away" itself. The two end pieces that
form part of the top, instead of folding

down along the sides as they do in most
tables of this kind, turn up and fold
down in the centre, allowing the centre
portion to sink into the body, as they
do, and all the dishes thereon disap-
pear in the twinkling of an eye, leaving
a table on which a rubber of whist
may be played. Later, when the guests
have gone, the dishes can be removed
from the interior of the table and
washed.

HANDY COFFEE MILL.
Composed Partly of Fruit and Jelly
Jars and is Airtight.

A coffee mill that is composed partly
of fruit jars and jelly glasses has been
invented by a Missouri man. Besides
the advantage of these parts being easy
to replace, they keep the coffee air-
tight, dustproof and retain all its
strength and aroma. The mill is rever-
sible, but normally stands screwed to
the wall with the fruit jar up. This
fruit jar screws into the hopper, mouth

downward, and contains the supply of
whole beans. Under the hopper a jelly
tumbler stands, kept tight against the
former by means of a screw-operated
base plate. The coffee filters into the
hopper from the fruit jar. As it is
ground it passes into the jelly tumbler,
which can be removed with a few turns
of the screw holding it fast. To fill the
receptacle, the mill is reversed, the
fruit jar unscrewed and replaced full
of the beans.

The Evening Chit-Chat

By Ruth Cameron

We were read-
ing aloud one
afternoon in the
little bride's new
home. The word
"recreation" oc-
curred in the
text. Everybody
hazarded a guess,
but nobody knew
exactly what it
meant. "Let's
not go on with-
out looking it up,"
someone suggest-
ed. "Where's the
dictionary Ann?"
The little bride blushed and then
laughed.

"It isn't anywhere," she said. "I
haven't one. I wanted one so badly that
I was going to get one out of the
housekeeping money last week—I
thought I was going to have such a
splendid surplus, but you know how
it always is, a horrid gas bill came in
at the last moment and ate it up so I
couldn't. I suppose I'm awfully un-
grateful, but I really do wish I'd had
a few less pieces of cut glass for wed-
ding presents and had had a good
dictionary."

Let me see, wasn't it just last week
that somebody wrote to me to suggest
a wedding present that would be really
useful and desirable and enough dif-
ferent not to be duplicated a dozen
times?

Perhaps a bride-to-be might be a
bit surprised when she unwrapped a
ponderous tome instead of a bit of
bric-a-brac, but it's ten to one her
surprise would all have turned to
gratitude for your common sense, be-
fore a year had passed.

Here is a suggestion for the person
who does not sleep well in the hot
weather. It was sent in by a doctor
reader.

"Most people have a notion that if
they take a bath in the morning it
must be cold, and many people who
do not have any too much vitality
shrink from that. Now a quick warm
bath followed by a cold dash on the
face and shoulders is very refreshing
especially if the sleep has not been so
good as usual. In fact it almost takes
the place of a night's sleep."

I am more ready to pass on this
suggestion in that I have already tried
it two or three mornings when for
one reason or another I awoke from
my night's sleep unrefreshed, and have
found it supplied me with the feeling
of freshness and vigor that I lacked.

I am expecting to make steady use
of it during the summer.

"No I can't come over to-night,"
said the little stenographer lady. "Of
course I'd like to—but you see it's dad's
and mother's anniversary, so we are
going into town to dinner and the the-
atre. That's what we always do—
have some kind of a grand 'foot.' Last
year it was the circus. Both dad and
mother are as crazy about the circus
as any kids. You don't think it's go-
ing to rain do you? I'd hate to have
it. This is one of the biggest events
of the year for us."

Doesn't the wedding anniversary
"foot," when father and mother have
as rollicking a good time as children
appear to you as a mighty good thing
for a family custom?

It does to me.

Ruth Cameron

STOPS ITCHING
HEALS THE SKIN

And Cures Eczema, Salt Rheum, and
All Skin Diseases.

These Results You Can Be Sure of
When You Use

DR. CHASE'S OINTMENT

Quick and certain are the effects of
Dr. Chase's Ointment. Itching is
stopped almost as soon as it is ap-
plied. The sores are cleaned out, mor-
bid growth is arrested, and the heal-
ing process is soon set in action.
Compare these results with the
redness and uncertainty of internal
treatment for itching skin disease.
By all means look after the health of
the blood and the system generally,
but get rid of the annoying and tor-
turing skin ailment at once by using
Dr. Chase's Ointment.

The reputation of Dr. Chase's Oint-
ment has been made by its mar-
vellous success in the cure of eczema and
piles. But it is just as effective in the
cure of old sores and wounds which
have defied ordinary treatments and
been given up by doctors.

Dr. Chase's Ointment is prized by
mothers as a treatment for the skin
troubles of babies, such as chafing,
skin irritation, scald head and baby
eczema. Its soothing influence stops
the itching, and it prevents the de-
velopment of eczema from these lesser
skin troubles.

Mrs. Oscar Vancott, St. Antoine,
Sask., writes that Dr. Chase's Oint-
ment cured her boy of eczema when
his head was a mass of scabs, and he
suffered untold agony from the it-
ching. Dr. Chase's Ointment, 50 cents a
box, at all dealers, or Edmanson, Bates
& Co., Limited, Toronto.

A physician came across a patient while
strolling through the grounds of a hos-
pital for the insane and, stopping, spoke
to him. After a brief conversation on
conventional topics, the physician said:
"Why are you here?" "Simply a differ-
ence of opinion," replied the patient. "I
said all men were mad, and all men said
I was mad, and the majority won."

Try Cuticura Soap
and Ointment Free

Although Cuticura Soap and Cuticura Oint-
ment are sold by druggists and dealers every-
where, a liberal supply of each, with 32-page
booklet on the care and treatment of skin and
scalp, will be sent, post-free, on application to
Pottier Drug & Chem. Corp., Boston, U. S. A.

Malta-Vita

"The Perfect Food"

This crisp, delicious malted
whole-wheat food contains
every food element necessary to the mainte-
nance and upbuilding of the human body and
mind—especially beneficial for children. It's
the food for taste, satisfaction and good health.
The food for rich red blood, bright mind and strong body.
And Malta-Vita is so good to eat! There's no other food
like it. No other food "just the same" or "just as good".
Try Malta-Vita with milk, cream or fruit. All grocers.

ADVERTISE IN THE VICTORIA DAILY TIMES

HOW VICTORIA

CELEBRATED

(Continued from page 1.)

park, where the judges, Mrs. Dallas Hedden, Mrs. Harry Pooley and Mrs. A. W. Jones, picked out the winners. The automobiles were headed by the Pipers' band.

Owing to some mishap a number of the cars failed to join in the parade through town and only arrived at the hill in time to get in line for the judging. Picking their way slowly through the large crowd assembled at the park, the motors, decked with flowers of every variety and decorated in many quaint designs, presented an unique and interesting spectacle.

The best was that of the Styles Motor Company, representing an aeroplane, which, owing to the originality of the idea and the beautiful manner in which it was carried out, was awarded first prize. The body of the airship was covered with blue iris, and its single plane with white iris. The whole was finished off very effectively in red, yellow, yellow broom and wild ferns. To render the model more realistic a propeller was attached in front, which, being connected with the machinery of the automobile, whirled around at a great rate.

The High school machine, driven by C. Betterton and occupied by four school girl friends, which was given second prize, lacked the ingenuity of the aeroplane, but it was undoubtedly the prettiest of all. The black body of the machine, set off with yellow broom and the black yellow pennants of the High school, furnished a perfectly matched color scheme.

The third prize was won by E. B. L. Rogerson, whose automobile was cleverly rigged out to represent H. M. C. S. Rainbow.

Other entries were those of W. H. Miller, A. Lee, M. Deacon, A. Sargison, J. B. Lovell, J. B. Bell, M. McCrimmon, A. MacKenzie, R. L. Drury, Western Motor Co. and M. J. Scott. Of those which did not win prizes, several deserve mention, among them being a machine representing the Mayflower, another a crown and a third covered with lilacs, edged with anemones.

The first prize was of \$100 cash and a silver cup; the second of \$50 cash, and the third of \$25, all donated by automobile enthusiasts of the city.

The Fireworks.

The curtain act of the day's performances was seen in Beacon Hill park, where a pyrotechnical display was given under the management of Mitt Brothers, Seattle. The display of itself was of a high order, illustrating the great advance that has been made in this sphere of useful knowledge, but it was the crowd that mattered, so to speak. A perfect sea of faces surrounded the enclosure set apart for the performance, and when the scene was momentarily lit up by the brilliant torches or decorative illuminations they presented an inspiring appearance.

That so many people could be congregated together in Victoria did not seem possible. There were thousands upon thousands of them, but of course the circumstances under which they were viewed rendered anything in the nature of calculation out of the question. A vast, undulating but withal most orderly crowd it was. Perhaps the best indication of its size is to state that once the performance was over and the people were making for the city again it took about an hour to clear the various avenues leading to the park.

Of the display itself it must be remembered that the wind is not the best friend imaginable to work of that nature and there was a high wind blowing all the time. Perhaps the best effects achieved were the fiery representation of Niagara Falls, the flood of waving sparks giving a picturesque conception of the great water fall, and the wheels of fire showering their glowing sparks.

Of course there was a portrait of his majesty, and if it was not exactly drawn to life it was near enough to obviate the occurrence of any mistake in interpreting itself to the public mind. Loyal mottoes and legends were there in glowing abundance, and the rockets that pierced the night with their comet-like trail of light and then burst into myriad-colored diamonds, were shot off in generous profusion.

The Fifth Regiment band played a programme of its best selections, seated under the trees near Burns monument. The park roads and walks were illuminated with hundreds of Chinese lanterns.

Gorge Park To-night.

The Victoria Day festivities conclude to-night at the Gorge Park with a gorgeous water carnival procession of decorated boats and a magnificent pyrotechnic display, along with the usual Gorge attractions, which have been greatly added to this season. There will be four prizes given for the four best decorated boats taking part in the procession, the prizes being first, \$20; second, \$15; third, \$10, and fourth, \$5.

These prizes will be given by the B. C. Electric Railway Co. The fireworks this year will be on an extensive scale, and there is no doubt that this will be the best year that Victoria's beauty spot has seen. The Gorge orchestra will be in attendance during the evening.

Although the crowds of pleasure-seekers who turned out were absolutely without equal or precedent in Victoria, not one accident was reported at police headquarters, and no arrests were made. Seven bicycles, however, were left in unguarded positions and were gathered in by the police. These machines may be had on application at the police station by the rightful owners.

The police arrangements made by Chief Langley and carried out under the eyes of himself and his officers were admirable at every point throughout the day.

The general committee in charge of the day's celebration consisted of: Mayor Morley, A. J. Dallain, chairman; J. B. McCallum, secretary; H. Macdonald, G. Jay, W. H. Price, S. Creed, E. B. L. Rogerson, Ed. Logan, A. D. Bishop, J. F. Wilson, T. M. Brayshaw, A. J. Kirkpatrick, W. P. Wimsby, G.

Eastwood, H. L. Delorme, D. Spencer, Jr., A. H. Styles. While each and all did their best it is not invidious to refer to the work of the energetic secretary. Mr. McCallum has been devoting days to the perfection of the arrangements and yesterday he seemed to be everywhere. The success of the celebration in all its parts must be a great satisfaction to himself and the other committee-men.

At the Gorge park under the baton of Bandsmaster Sydney Rogers, the Fifth Regiment band rendered a programme of splendid selections while the regatta was in progress. The success of that function was largely due to the untiring efforts of the officials in charge, who kept the events going in order without any vexatious delays. The committee was as follows:

Referee—Capt. J. W. Troup.
Judges—Capt. Harris, R. C. G. A. I. Lieut. Morrell, R. N.; George Jay, H. P. Bishop.

Starter—Lieut. Moore, R. N., H. M. C. S. Rainbow.

Co-Starter—D. O'Sullivan.

Committee—A. J. Dallain (chairman), George Jay, A. I. Kirkpatrick, W. N. Kennedy, Ed. Logan, Hugh Macdonald, J. B. McCallum, H. D. Helmcken, A. J. Brace.

Clerks of Course—Lieut. Halifax, R. N.; A. J. Brace, A. J. Dallain, Edward Logan.

Starter of Indian races—Chief Michael Cooper.

NO PARDON FOR WALSH.

Leavenworth, Kas., May 25.—John R. Walsh this morning received a telegram from his son in Chicago notifying him of President Taft's refusal to grant the application for his pardon. Major R. W. McClaughrey, warden of the federal prison, delivered the message to the prisoner immediately after his arrival. The warden said Mr. Walsh made no comment of any kind when he read the telegram.

OREGON PASTOR ACQUITTED.

Canton, Ohio, May 25.—Rev. Paul Ebinger of St. John's Lutheran church of Tillamook, Oregon, was acquitted of heresy here by the general synod, the highest executive of the Reformed Episcopal church of the United States. Mr. Ebinger was charged with heresy by the Portland, Oregon, Classic, in that he preached a sermon in which he denied that Moses was inspired to write the ten commandments and that he declared much of the matter in the Bible is not true.

VICTORIA SYNDICATE SECURES CLAIMS

Royal Canadian Group to Be Developed—Mining Deals in the Slokan.

Nelson, May 24.—The announcement of two important mining deals, one concerning the Royal Canadian Mining Group, and the other involving the well-known McAllister group near Three Forks, was made here.

The Royal Canadian group of six claims, which was purchased by J. L. Stocks some years ago from the Duncan Mines Co., and sold early this year to J. Gordon Savage of Calgary, and was later optioned to H. Mansel Cook, has been purchased at a large advance upon the price paid by the Calgary capitalist by a Victoria syndicate. The mine is located near the Granite-Portman and is equipped with complete buildings.

The group consists of five claims. On the Royal Canadian claim there is a ledge which has been opened up with four drifts while on the Coltrado vein there is one drift. The total tunnelling is about 1,000 feet. There are said to be 2,500 tons of ore on the dump.

"The indications are very favorable on this group," said Mr. Cook, "and some good ledges are being opened up. The tunnelling on the property amounts to between 3,000 and 4,000 feet and there are good values in copper, gold and silver. The group consists of the Pingree, Mayflower, H. G. N., Snowdrift, Snowdrift fraction and the Summit claims."

The McAllister group which is located near Three Forks, has been disposed of by W. M. Bennett of Sandton to a Spokane syndicate, who are incorporating a company to operate the property. The McAllister consists of four claims and was one of the best known mines in the boom days in the Slokan. A considerable quantity of silver-lead ore was shipped during the early days and it has been under steady development for some months.

In the city the other night were two well-known Spokane mining men, W. T. McCarty, who has just returned from Spokane, where he has been in connection with a large mining deal, and L. B. Barker, who has a lease and bond on the Wonderful mine near Sandton. Mr. Barker has been developing the property through the winter. The owners of the Wonderful is a company which shipped, together with a number of leases who have had the property at various times, between \$75,000 and \$100,000 worth of silver-lead ore from the mine.

Development on the enterprise mine in Slokan lake, which is under lease to S. S. Fowler, is progressing rapidly with good results. Over 400 feet of tunnel have been driven on the property since Mr. Fowler took the lease last fall.

KAMLOOPS COUNCIL DISCUSSES WATER

Expert Will Prepare Report on Supply—Option on Site for Park

Kamloops, May 24.—The council at its last meeting considered the letters received from various firms of engineers who had been asked to submit proposals in regard to the preliminary report on the city water supply. H. K. Dutcher drew attention to the fact that if hydro-electric power could be secured it was to the advantage of the city and said that during the examination made by him recently in private he had come to the conclusion that hydro-electric power was feasible. He had some time ago reported against the development of certain low-head powers near Kamloops on the score of cost but recent work had led him to believe that water could be secured running about 36 cubic feet per second. He offered to make the necessary explanations if the city would pay expenses and for the services of an assistant not to exceed \$250 in all. If his report was adopted after being checked up by an independent engineer and he was to receive \$400 if not employed in the carrying out of the work.

Ald. Hauman said that the Barrier River was the power for the city's purposes and the water itself from the river was the best in the district. When, however, the matter of cost was mentioned, it was easily shown that as a source of gravity water supply the Barrier was out of the question. Ald. Crawford said that an engineer had made a rough estimate of the cost of a gravity system from this source and had placed it at from \$300,000 to a million.

After some discussion as to the relative merits of gravity and pumping systems, of hydro-electric and steam power and other matters connected with the city system it was decided to engage Mr. Dutcher and after his preliminary report was in to have it checked up as suggested in his letter. Ald. Baustian on behalf of the parks committee reported that while in attendance at a meeting of the hospital committee he had secured an option of the present hospital building and grounds on behalf of the city. The terms of the option were \$1,000 down and the balance when possession was given. He did this because he thought it necessary to reduce the price of the system, and because at the price it was a bargain. It was central, convenient and could be easily beautified. He asked the council to endorse his action, which it did without hesitation. The necessary papers to be drawn and executed at once. Ald. Baustian thanked his colleagues and in \$25,000, said that the price asked was \$25,000, but the hospital board in reducing it only did so because the city had always supported the institution when help was needed.

Municipal Council

The Municipal Council of the Corporation of the City of Victoria having determined that it is expedient to—

1. To grade, drain and pave with a light standard asphalt pavement, Pine Street from Dominion Road to Craigflower Road, and to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

2. To grade, drain and pave with a light standard asphalt pavement Garbally Street from Government Street to Blanchard Street, and to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

3. To grade, drain and pave with a light standard asphalt pavement, Fraser Street from Government Street to Blanchard Street, and to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

4. To grade, drain and pave with a light standard asphalt pavement, Pandora Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

5. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

6. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

7. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

8. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

9. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

10. To grade, drain and pave with a light standard asphalt pavement, Harrison Avenue, also to construct curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains, and to remove poles, if necessary.

HOMES OUR SPECIALTY

You have tried to get a house to rent, have you not? What kind of houses have you seen? And what rent have you been asked to pay? We have been asked to rent over 125 houses, some of which can be bought and become your own for a cash payment of \$500 and the balance \$80 quarterly, and the total price ranging from \$900 up. \$20 a month is less than you have been asked to rent for most of the houses you have seen, is not that so? If that is so much we can sell you a house with monthly payments of less than \$17 after the initial payment, in other words \$50 quarterly. Which is the CHEAPEST Plan, to rent or to buy?

We Photograph Our Houses.

To Rent—Three-story Warehouse on Wharf Street.

provement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice. The Council will upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WILLINGTON J. DOWLER, C. M. C.
City Clerk's Office, May 20, 1911.

MUNICIPAL NOTICE

The "Sewer Loan By-law, 1911";
The "Parks Loan By-law, 1911";
The "By-law for re-arranging the Market Building for Police Headquarters and Jail Purposes";
The "By-law to Amend By-law No. 392, being the Public Library By-law, 1902";
The "School Loan By-law, 1911".

I hereby give notice that such of the electors of the Municipality of the City of Victoria as are entitled to vote on a by-law for raising money upon the credit of the municipality, are requested to attend at the polling place, known as the Public Market Building, Corner Market Street, at 10 o'clock on Monday, the 22nd day of May, 1911, from 9 a. m. to 7 p. m., and to record their votes for or against the passage of the "Sewer Loan By-law, 1911"; the "Parks Loan By-law, 1911"; the "By-law for Re-arranging the Market Building for Police Headquarters and Jail Purposes"; the "By-law to Amend By-law No. 392, being the Public Library By-law, 1902"; the "School Loan By-law, 1911"; copies of which by-laws are published in the Victoria Daily Times, and in each Ward and at the polling place, and also notice that each by-law must be voted on separately, and that the said by-laws will not be valid or of any effect unless the vote polled in favor thereof be at least three-fifths of the vote polled.

Given under my hand at Victoria, British Columbia, this 11th day of May, 1911.

WM. W. NORTHCOOT,
Returning Officer.

A HAVEN OF ENJOYMENT FOR SALE

200 Acres, 100 acres good land, 100 rough but beautifully wooded with commercial trees; about 20 acres cleared and cultivated; good fruits; small good house on high ground with grand view of valley; ever-flowing spring water. Although only 15 minutes from Goldstream station the shooting including deer and pheasants is abundant, the rough land making a splendid sheep run; a stream runs through the property which is close to two lakes. Close to school and the new Luxton station and the price, \$50 per acre, is only a quarter that asked for adjoining land. \$4,000 cash, balance on time. This is a genuine commercial proposition. There are two trains daily to Goldstream and the journey only occupies half an hour. I am sole agent.

ACCIDENT TO STAGE.

Pentiction, May 24.—In an accident to the automobile stage Mr. and Mrs. Honnuth of the Ellison district, with their children, passengers, were all more or less injured. They were able to return from Vernon, near where the accident occurred.

YERNO'S NEW FIRE HALL.

Vernon, May 24.—The committee appointed to go into the tenders for the construction of a new fire hall as provided for in the by-law to borrow \$12,000 for fire protection purposes, reported at the last meeting of the city council recommending that, in accordance with the council's instructions, they had, together with the new fire hall, that they consider a substantial reduction in new tenders which are now being called for will be obtained. The report was adopted.

President C. C. MacRae, of the board of trade, was present as a delegate from the board, asking that the usual annual donation be given or a larger one if the council could see its way. He felt that all the members of the council were familiar with the work the board is accomplishing so that he thought it was unnecessary to go into details further than to state that the city's donation would be devoted to the general purposes of the board, and not to any particular fund, such as advertising. The council promised to give this matter their consideration, and give as liberal an answer as possible. Finance Chairman Murray saying that \$400 had been set aside in preparing the estimates.

The fire committee recommended the purchase of a chemical engine, which can be delivered at \$1,500. The report was adopted.

NEGROES DEPORTED.

Vancouver, May 24.—Kaleb Jackson and Matt Jefferson have returned to the United States. After serving their country in the garrison at Fort Lawton the dusky warriors decided to take a trip to Canada. They needed funds and got away with a war office cheque for \$500 to which Jackson is alleged to have signed the name of Colonel Marrow, the commanding officer. On their arrival in Vancouver they went to a jewelry store and got \$20 in cash and the balance in jewelry on the cheque. When the cheque was turned into a bank its appearance excited suspicion, and Jackson and Jefferson were placed under arrest on a vagrancy charge. They were told that they had better return to the United States or they would have to face a charge of forgery here.

"How much kin they give a gemman for forgery on this head skin?" asked Dusky Jackson.

"Fourteen years," replied Detective Jackson.

"Then I guess we go back to de States all right," said both, and back they went in charge of an American officer. They will be tried for forgery and desertion at Fort Lawton.

CITIZENS' RIFLE ASSOCIATION.

New Westminster, May 24.—The annual meeting of the Westminster Civilian Rifle Association was held in the armory, J. H. Vidal occupying the chair. The officers for the season were elected as follows: J. D. Taylor, M.P., honorary president; J. H. Vidal, captain; A. P. Menzies, secretary-treasurer. Those with V. H. C. Abbott and J. C. Chamberlain, form the executive.

MISSIONARIES FOR CARIBOO.

Lytton, May 24.—Three clergymen and three laymen, who arrived the other day from England, are now on their way to the Cariboo district. They will have Quenesal for their centre, and travelling in pairs, will cover a circuit of several hundred miles in Cariboo and Chilcotin, with probably stations at Barkerville, Soda Creek, Elk Creek, Fort George and 150-Mile House.

Canon Brooke, incumbent for more than a quarter of a century of the beautiful church of St. John the Divine, Kensington, S. W. London, is responsible for the missionaries' advent in British Columbia, and temporarily, for the stipend of the rector in charge of St. John's mission to be in Cariboo, Rev. Thursday Pelham. St. Stephen's church, Kensington, has sent another clergyman and St. John's church, Newbury, Berks, yet another.

BODY FOUND IN BOOM.

Kamloops, May 24.—The body of a young man apparently about 28 years of age, was discovered in the boom of the Shuswap and Thompson River Boom Co., about seven miles up the North Thompson river, by Foreman Ben Eaman, who immediately telephoned to W. L. Fennie. It is thought that it is the body of the driver employed by the B. C. Fruitlands Irrigation Co., whose team several weeks ago ran away and was drowned in the river, no trace whatever being found of the driver.

NOTES ON POULTRY RAISING FOR MARKET

NO. VII.

Incubator Houses.

The incubator house should be large enough to allow for additional machines as the business grows.

A poultryman who wishes to have ultimately a thousand pullets for winter laying must have the plant to raise 2,000 chickens between the latter half of March and the end of April. Half of these 2,000 chickens will be cockerels, which should bring good prices at four months old.

The ambition of the beginner should be to get his four months old chicks to weigh four pounds, if they are Wyandottes. This will require patience and perseverance, the raising of chicks to go the maximum weight in the shortest time at least expense, consistent with a healthy growth which is not unduly forced, is the problem which faces the breeder.

To return to the question of the size of the brooder house. To hatch 1,000 chicks at each hatch of two hatches in March and April will require an incubator capacity of from 1,700 to 2,000 eggs at a time. If machines to hold 250 eggs are used, this will involve five machines ultimately. An incubator room about 15 feet square will be large enough for these five machines, which should be set up round the room. The practice of placing one incubator on the top of another seems objectionable, as the foul air from the upper one may enter the lower and the lamp fumes from the lower may vitiate the air reaching the upper.

Each machine should stand by itself on the floor, which should be of earth or concrete. Concrete has the advantage that it can be washed periodically, and cleanliness is a very important point in the incubator room. It is a common practice to place incubators on boarded floors. This is very inadvisable, as the vibration caused by walking over the board is injurious to the growing chicks, and the writer has known cases where the floor being badly laid and having much traffic over it, the entire hatch was ruined, some of the chicks being uninjured and every kind of deformity being produced.

A concrete floor has this further advantage, that in very dry weather it may be drenched with water to moisten the atmosphere in the room. Care should be taken that the floor is swept clean before the water is used. Mildew is stated to be fatal to the embryos in the machine. The writer has happily had no opportunity to test this statement in practice.

The main points to be attended to are the questions of ventilation and protection from midday heat when deciding upon the construction of the building.

In this climate, where variations of temperature seem to be considerable, the writer believes that there should be a ventilator always open in the centre of each wall on the floor level. This ensures a thorough draft of air to shift the air under the machines, and it is too low down to affect the lamps or produce a direct draught on the machines.

So again there should be a window placed lengthways at the top of each wall under the eaves. These windows should be two feet long, and one foot wide, and linged at the bottom, so that the draught will be in an upward direction when the window is open back at an angle. It will be found that opening the window two inches will often produce all the air required, and when the wind is blowing from the side, the window in the other side of the house can be opened and the western window closed, etc.

The walls of the incubator room should be not less than eight feet high and 10 feet is even better, so that the windows will be well above the machines. Too much air in the incubator room is impossible provided the draught does not directly strike the machines.

In South Africa, where the midday heat is very great, the writer found that double wooden walls with sawdust in the space between them, and some felt outside to keep out the rain, gave very good results, and little variation of the machines was experienced.

Every current of air passing through a room will absorb moisture, if the air was dry when it entered. A well ventilated incubator room will tend to absorb moisture from the eggs, and more moisture may therefore be used in the machines.

In South Africa, where the air is very dry, it was found advisable to fill the moisture-trays early in the hatch. The question of how much moisture to use will be determined by the average humidity of the atmosphere, the amount of air currents.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy.

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters." Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

Another Operation Avoided. New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation." Mrs. LILY PEYRON, 1111 Kerlerec St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for the suffering feminine ill from which

in the room, and the condition of the air cells in the eggs.

If the atmosphere outside is colder or hotter than the air in the incubator room, a good draught will be maintained. It sometimes happens, however, that the temperature on sultry days will show little variation between the inside and outside air, when the current of air through the incubator room will be very slow. For this climate, however, the writer imagines that this state of things will seldom occur, and then only for short periods of hours.

On large plants, where a heater and hot water pipe system is used, it has been found useful to put the heater into a room adjoining the incubator room, so that the fume of the heater can be carried up between the double walls of the incubator room. A hole is left in the outside wall of the incubator room, exposing the heater flue. This latter is very hot, and will cause the cooler air in the incubator room to flow towards it, creating in fact a forced draught. The ventilator on the far side of the incubator room from the heater will admit fresh air which will find its way to the flue and create a current of air through the incubator room.

The failure to hatch strong chicks, given that the eggs are from sound stock, is almost always due to insufficient ventilation of the incubator room.

C. DEVONSHIRE.

"Resurrection" To-night.

Any play which has as its object the bettering of mankind, or which serves to acquaint them with the horrors of life in a part of the world which is beyond their reach, is always hailed with pleasure, and the play itself is rarely adversely criticized.

It is not the good fortune of every person to be able to travel extensively, and even were it possible for the majority to spend the greater part of their lives in travel, it is doubtful whether Siberia would be hailed as a summer resort. But to be able to see, enacted on the stage, life as it is among the poor, unfortunate convicts in that far-off land is a lesson never to be forgotten. It is indeed hard to realize the hardships inflicted on the poor convicts in that bleak desert, which is used almost entirely by the Russian government as a place to which they can send their convicts. Men, women and even children, help to make up this outcast nation, and it is in defence of the two latter classes particularly that Tolstoy wrote his wonderful book.

The Allan Players are the first stock company to secure the manuscript for this world-famous drama, and the people of Victoria are assured of a dramatic treat when the company open its short engagement at the Victoria theatre this evening.

Blanche Ring, the clever artist and delightful comedienne, will present "The Yankee Girl" for the first time here on Monday, May 29, at the Victoria theatre with a very superior cast; the same as was employed during its run of six months at the Herald Square theatre, New York, and that has recently completed a two weeks' engagement in San Francisco at the Savoy theatre.

The locale of the story of "The Yankee Girl" is laid in a South American republic, known as the Isle of Brilliantia, and the Latin atmosphere which prevails gives opportunity for much that is romantic and picturesque. It has rather a unique story, which is told in a humorous way, and a great deal of convincing dialogue, which is rendered by artists of note and comedians of reputation.

During the progress of the piece Miss Ring sings a number of new songs and also a few of the old ones that she has made famous from time to time, some of which have been imitated by artists of lesser calibre, and no doubt theatre-

USE OF FRESH AIR COMPULSORY

Legal Methods Adopted to Enforce Opened Windows

There is much talk, and some inquiry from Glasgow, about the noteworthy proposal of Paddington Borough Council to adopt a by-law dealing with the opening of windows, and humorists are already at work, one of them suggesting that this, for instance, be enacted:

Every occupant of every house shall wash, or cause to be washed, his or her face, hands, and no less than three inches of neck, at least once every twenty-four hours.

The Paddington proposal is serious, and emanates from the Health Committee of Paddington Borough Council, a progressive body which, as a result of the Housing and Town planning Act of 1909, is creating new by-laws in the interests of public health. The particular by-law which has received advertisement all over the country enacts that:

Every lodger in a tenement house shall cause every window of every room which has been let to him, and is used as a sleeping room, to be opened, and to keep fully open, for at least one hour each morning and afternoon.

I find that in Paddington that objectors hold this would be a grave hardship in case of sickness or when there was, say, a snowstorm, or thick fog, or the weather was otherwise inclement, but all these are provided for, the by-law having a proviso that:

The lodger shall not be required to cause any such window to be opened, or kept open, when the state of the weather is such as to render it necessary that the windows should be closed, or when any bed in such room is occupied by a sick person to whom such opening of the window would prove harmful.

There are penalties, of course—\$25 maximum, continued offences 40s a day after written notice. In the event of the by-law being adopted and approved by the Local Government Board (whose chief, Mr. John Burns, would doubtless give it a most hearty welcome) there would still be the matter of the Police Court Magistrates, who might render the statute of no great worth by imposing normal fines and even making jokes in so doing. A difficulty would be that of detecting offenders; but much could be done by the council's inspectors and by fresh air-loving neighbors.

The by-law, it may be added, applies only to houses or tenements with more than one lodger; so people who have no lodgers would be exempt. The proposal has already been discussed by the council, and it will come up again on the 30th of this month.

A Paddington opponent of the by-law (which he has not seen in its entirety), says his only arguments against it is of the "freedom of subject," "Englishman's home is his castle" order. The by-law springs from a desire to benefit the health of the community, and if it comes into force it is expected that other London boroughs will follow the lead of Paddington.

That district has another interesting by-law under consideration, providing that every lodger in a tenement-house shall sweep his floor once daily and wash it at least once weekly. Contraventions of this would be visited by the same penalties as are attached to that about windows.—Glasgow Evening News.

GIRL SHOTS FATHER.

Quebec, May 25.—Killed by a bullet from the rifle in the hands of his daughter was the gruesome fate of Solomon Theberg, of St. Raphael. The killing was accidental, as the daughter aged 14, believing the gun empty, playfully pointed it at her father and pulling the trigger the gun was discharged.

ALASKAN JEWELLER'S SUICIDE.

Cordova, May 25.—C. W. Babbage, a well known Alaskan jeweller who has places of business in Juneau, Seward, Cordova, and Chisna, committed suicide at the latter place Sunday night. He had been despondent for some time and ended his life by cutting his throat with a razor. He leaves a wife and two daughters who live at Juneau.

CREW RESCUED.

Bandon, Oregon, May 25.—The tugboat Kithman has arrived here with Captain Peterson and 13 men of the crew of the steamer Wascalore, which was wrecked on Rock Island Saturday afternoon. The Wascalore and her cargo will prove a total loss.

The wreck was caused by the parting of the anchor chains after the Wascalore sought shelter behind a reef from a terrific storm. The vessel was swept upon a reef. The crew got safely ashore, taking with them a supply of canned goods. They suffered greatly from cold until yesterday, when the life saving crew from the Bandon station took them off the reef.

WARFARE AMONG GAMBLERS.

Houses Raided by Masked Men and Nearly \$25,000 in Cash Stolen.

New York, May 25.—Details of a battle between rival cliques of New York gamblers, in which one side lost nearly \$25,000 in cash, is common property along Broadway although the police professed ignorance.

The warfare between gamblers of the city has been on for some time and several recent bomb explosions in the uptown theatre districts have figured in it. The latest development appears to have been an attack by two armed and masked members of one clique against several of the establishments of rival factions.

The two masked men, it is declared, entered a Sixth Avenue establishment early yesterday morning and at the

Owing to the failure of an Eastern broker, we have been able to get a block of 10,000 shares of the stock of

KOOTENAY GOLD MINES, LTD.

At \$1.20 per share. The capitalization of this company is only \$250,000 with 20,000 shares still in the treasury, and as an English mining man estimates the value of the property at \$400,000 cash, this stock is the best buy that has ever been offered in British Columbia. The terms of purchase can be made very easy. We are taking a large block of this stock ourselves and advise you to investigate immediately. Phone us for an appointment.

AUTO DRIVER INJURED.

Indianapolis, Ind., May 25.—All the drivers entered in the Memorial Day 500 mile automobile race at the Indianapolis speedway, with the exception of Joe Horan, whose leg was broken in an accident to his car late yesterday, were on the track trying their cars for the elimination trials to be held to-morrow.

Horan was regarded as a dangerous contender in the race as he holds the national speedway record of 3.24.15 for 250 miles, which he set at Atlanta, November 17, 1910. The car which overturned with him yesterday after he lost control of it at the turn coming into the home stretch probably will be repaired in time to be entered in the elimination trials to-morrow. Its new driver has not been named. Horan

EIGHT THOUSAND MAY WALK OUT

LABOR LEADER PREPARES FOR FINAL BLOW

Every Trade in Vancouver Will Be Affected If Move Is Ordered

Vancouver, May 25.—If their officers give the word 8,000 union workmen will in Vancouver will lay down their tools and leave their jobs on an indefinite holiday on June 1. The city's power will be cut off and practically every trade in the city will be disrupted.

These are the claims union leaders to-day are making in the announcement. In the latest move in the struggle between the Master Builders' Association and the Building Trades Unions.

To-night the executive of the Trades and Labor Council, the Building Trades Council executive, and the business agents' board will hold a joint meeting to consider the situation. Their recommendations will to-morrow night be laid before a special meeting of the Trades and Labor Council, which embraces practically every union.

A decision to take the union workers out from their jobs is the final blow the union leaders propose to strike the Master Builders' Association, which, as far, it is claimed, has been successful in defeating the efforts of the striking carpenters and the other building trades unions to obtain an increase in wages. That the Trades and Labor Council will call its members out is believed to be a foregone conclusion.

"We have nothing to lose and it will be our only salvation," declared Business Agent Pettipiece of the Trades and Labor Council at noon to-day.

"In the Philadelphia street railway strike the other unions were taken from their jobs and within a week they won the fight for the street railway employees. This course is the one now proposed here on behalf of the building trades unions. With every union in the city idle we can shut up all the manufacturing interests here, shut off the light and power, disrupt the telephone service and upset the whole city to such an extent that the Master Builders' Association and the Employers' Association, with which it is allied, will be quite ready to treat with us on the difficulties they are having with the building trades. These unions are on strike, but the other unions belonging to the Trades and Labor Council will not go on strike; they will simply take an indefinite holiday and when a cessation in hostilities arrives they can go back to work on their present agreements, while the Master Builders' Association will be required to make a new agreement covering the whole eighteen building trades."

"We have nothing to lose, I repeat, and everything to win, and this course has been suggested among the union men as an experiment to test the strength of those who are opposed to the union shop principle. If the walk-out goes into effect it will concern every union worker in the city and possibly other workers who are at present connected with the Trades and Labor Council as that body, provided it decides on this course, will request all wage-workers to assist in tying up the town."

Mr. Pettipiece said to-day when he made the announcement that the Employers' Association of the Pacific Coast, at a recent convention in Portland, had resolved to carry out the open shop principle as far as possible and in this decision had received the support of the National Employers' Association, with headquarters in New York, of which body General Otis, proprietor of the Los Angeles Times, is said to be a prominent member. Fifty-two unions, including the Trades and Labor Council and will obey the mandate of that body if it is sent forth this week. These unions are claimed to have a membership of 5,000, in addition to which there are several other unions which are not in close connection with the Trades and Labor Council, although said to be in working more or less harmony with the central body.

"All the lines of organized industry will be cut off, for in addition to the direct effect caused by the withdrawal from work of the union, there will be also far-reaching consequences arising out of the fact that the Trades and Labor Council, in the event of a general 'hold-out' would attempt to put the power and light of the city out of business, thus disrupting any activities connected with the power plant of the B. C. Electric Railway Co., such as the newspaper offices, the factories, and all buildings equipped with electric elevators."

The general feeling among the union men is contended to be in favor of the move proposed and it is believed that if the plans of the labor leaders carry the joint meeting to-night will certainly recommend in favor of the "tie-up" on Monday, June 5. The report of this gathering of executive officers and business agents will receive general consideration at the extraordinary meeting of the Trades and Labor Council to-morrow night, when the delegates from all affiliated unions will take up the question.

While making it plain that they do not propose to declare any formal strike, which would thus be a violation of the agreements between a number of unions and their employers, the union workers assert that they have a right individually to lay down their tools and take a holiday. This is the course by which they say they can bring the Master Builders' Association to its knees and turn the apparent defeat now in front of the building trades into a general victory for organized labor.

The union officers profess to have no attempt on the part of the employers all along the coast to defeat the closed shop, and put the union out of business, and such an action as this, they point out, would not do them any more harm than the bosses are preparing to do in any case, while it might possibly

add a great deal to their strength in demonstrating to what lengths they could successfully go in disrupting trade and manufacture.

RACE ENTRIES FOR TO-MORROW

1st race, 4 furlongs and 70 yards.—Lacastia, 107; Bessie E, 110; Annulet, 113; Ravona, 116; Elsie Hart, 119; Madrecita, 110; Dr. Neuffer, 107.

BLACK HUNDRED ACTIVE IN RUSSIA

Russian Authorities Show No Desire to Check Preparations for Massacre

New York, May 25.—The American Jewish committee of this city to-day received a dispatch from the Jewish Aid Society of Berlin, bearing on the anti-Jewish agitation in Russia. The message is as follows:

"No massacres have broken out yet. The open and unrestricted preparations which are being made for the activities of the Black Hundred, who are clearly exciting the populace to renewed massacres."

Next Week Will See a Notable Engagement Here.

Victorians will have an opportunity of witnessing a performance by Avia Wiseman, one of America's best known hardmen, arrangements having been made for his appearance at the B. C. Agricultural Association grounds in a meet that will cover three days, Tuesday, Wednesday and Thursday, May 30-31 and June 1. Mr. Wiseman has been making a tour of the Pacific northwest and has given a number of thrilling exhibitions in Washington State. After his visit to Victoria it is his intention to fill an engagement at the Potlatch celebration in Seattle.

In California the daring young man, who has developed remarkable cleverness in the manipulation of his aeroplane, has been prominently identified with aeronautics for several years. There has not been a meet of any consequence on the Pacific coast in which he has not participated with credit. In a recent race he ran Eugene Eky, another aviator of reputation, closely for the highest honors, finishing second, and only been beaten by the narrowest possible margin. He has the enthusiasm and confidence that in another such event he would be the victor.

Each day while in Victoria he will give an entire change of programme. It is not simply the flight that constitutes the attraction to his performances. He has a diversity of tricks that must be seen to be appreciated. One of these is the glide from a high altitude which calls for nerve, hand and the keenest consummate skill. The complete programme will be published later.

SITUATION IN PORTUGAL.
Lisbon, May 25.—The garrisons in the province of Entre-Minho-e-Douro, which includes Braga and Oporto, have been reinforced, according to an official note issued by the government, by artillery and a regiment of infantry.

The official statement says though the government does not believe all of the reports current of a monarchist revolt, nevertheless all necessary measures have been taken for the defence of the republic which the government considers in no danger. Hundreds of armed carabinieri patrolled the streets of Lisbon last night, prepared to stifle any monarchist manifestation.

BORN.
ROBERTS—On May 24th, 1911, to Rev. A. E. and Mrs. Roberts, a son.

McMORRAN—On the 25th inst., at 1309 Pandora avenue, Victoria, B. C., the wife of Alexander Wallace McMorrin, of a daughter.

DUNFORD—On Monday, May 22nd, the wife of J. O. Dunford, of 144 Government street, of a son.

DIED.
HICK—On the 25th inst., at the residence of Mr. James Woolcock, 27 Belleville street, William Hick, a native of Cornwall, England, aged 61 years.

The funeral will take place on Saturday at 2 p. m. from the above address, and 3 o'clock at St. Luke's church, Cedar Hill. Interment in St. Luke's churchyard.
